

APRIL 1, 2016

Barry M. Popkin, Professor of Nutrition
W. R. Kenan, Jr. Distinguished Professor
104 Mill Run Dr.
Chapel Hill, NC 27514-3134

Office Address: Carolina Population Center
CB# 8120
137 E. Franklin St.
Chapel Hill, NC 27516-3997
Phone: (919) 962-6139
Fax: (919) 966-9159/919-445-0740
Email: Popkin@unc.edu
Website: www.nutrans.org

EDUCATION:

Ph.D., Cornell University, Agricultural Economics (73-74)
M.S., University of Wisconsin, Economics (68-69)
Other graduate work, University of Pennsylvania (67-68)
B.S., University of Wisconsin, Honors in Economics (62-65, 66-67)
Other undergraduate work, University of New Delhi (65-66)

FIELDS OF
INTEREST:

Program and policy research to arrest and prevent excessive energy imbalance and diabetes. The nutrition transition: Patterns and Determinants of Dietary Trends and body composition trends (United States and many low and middle income countries); obesity dynamics and their environmental causes; dietary and physical activity patterns, trends, and determinants; the creation of large-scale program and policy initiatives to address nutrition-related noncommunicable diseases.

PRESENT
POSITION:

Professor, Department of Nutrition
Fellow, Carolina Population Center
Director: The Nutrition Transition Research Program
Adjunct Professor, Department of Economics
Member, The Lineberger Comprehensive Cancer Center
Editorial Board: Economics and Human Biology, Appetite, Risk Management and Healthcare Policy. The Lancet Diabetes & Endocrinology, Lifestyle Medicine - Research, Prevention & Treatment of Noncommunicable Diseases,

MAJOR HONORS:

2016 World Obesity Society: Population Science & Public Health Award –for top global researcher in public health with also significant service contributions. 2015 Chinese government’s first award for significant foreign contributions to Chinese Nutrition; 2015

Conrad A. Elvehjem Award for Public Service in Nutrition; The Gopalan Oration Award, 2011 winner of the top nutrition prize from India and the Mickey Stunkard Lifetime Achievement Award, The Obesity Society, 2011. Also voted Fellow for The Obesity Society in 2010, United Kingdom Rank Prize for Science, 2010 and Fellow, American Society of Nutritional Sciences, 2010. Recipient of the 1998 Society for International Nutrition Research Kellogg Prize for outstanding International Nutrition; 1992 Bernard G. Greenberg Alumni Leadership Endowment Award of the School of Public Health; Woodrow Wilson Foundation Fellow; Wisconsin King Christian IV Award for Civil Rights contribution (1965);

PREVIOUS PRINCIPAL INVESTIGATOR

RESEARCH GRANT EXPERIENCE (direct costs): *Barry Popkin has been PI of so many grants that he just summarizes briefly the major grants. In total direct costs he has brought to UNC for which he has been or is currently the PI, a dollar value of \$60,229,785 (thru 2008). Grants below \$100,000 and those in process are not listed. They exclude any contracts or gifts to the University from private industry, the World Bank, other international organizations which add up to over \$11 million extra.*

He has acted at UNC-CH as **Principal Investigator** of these past and current research projects noted in order from the past to the present: (1) evaluation of program participation and dietary impact of school lunch and breakfast program, USDA (1979-83 for \$676,000); (2) a review and case study on the Demand for Primary Health Services, AID (1981-82, \$55,000); (3) The Patterns and Determinants of Breast-feeding and Infant Mortality in the Near East, AID (1980-83, \$262,000); (4) The Nutrition of the Elderly, a national study of elderly eating patterns, food program participation, and nutrient intake determinants, USDA (1982-84, \$314,636); (5) The Patterns, Determinants and Consequences of Infant Feeding in a Low-Income Country, gifts to UNC-CH from foundations/industries (1982-88, \$835,000); (6) Use of Prenatal Medical Services and the Effects of Usage on Pregnancy Outcome, AID (1985-86, \$89,000); (7) Epidemiology of Infant Feeding Dynamics, NIH (1986-88, \$245,000); and (8) Determinants of Infant Mortality: Underlying and Intermediate Determinants, NIH (1986-89, \$375,000) (1989-92, \$495,244); (9) Determinants of Food Group Consumption Patterns, USDA (1986-88, \$159,325); (10) A Longitudinal Analysis of NFP Use in the Philippines, AID (1987-88, \$57,461); (11) Epidemiology of Infant-Feeding Dynamics, Determinants, NIH (1987-90, \$238,050); (12) a Longitudinal Analysis of the Patterns and Determinants of Women=s Nutrition in the Philippines, ICRW (1987-89 \$265,000); (13) Infant Feeding, Women=s Nutrition and Birth Spacing, NIH (1989-92, \$383,473); (14) Health and Reproduction Dynamics and Social Change, NIH (1991-96, \$3,054,093) program project PI and PI of two cores and one grant, co-investigator of 3 others; (15) Understanding Child Nutrition in the Year 2000: Dynamic Shifts and their Determinants (1999-2002: USDA, \$200,000); (16) The Welfare Effects of Economic and Social Change in China. The Henry Luce Foundation, Inc. (1996-98: \$170,000); (17) Does Seasonality Matter? Effects of Seasonality on the US Diet. USDA ARS (1998-00, \$300,684); (18) Changing Patterns of Diet, Morbidity, and Mortality in Selected Countries. World Cancer Research Fund/Am. Inst. Can Res (phase I-1998-99, \$65,000; Phase II, 1999-2001- \$180,000 or more; Phase III-international conference Bellagio, 2001, \$23,950); (19) Environmental impact on obesity/activity: Beyond Race (2000-2002; CDC: \$300,000); (20) Beyond Race: Explaining Inequality Manifested as Obesity (2000-2004: NICHD, \$540,000); (21) Bellagio conference and proceedings: Rockefeller Foundation (2000-01), also WCRF; (22) Child Health Effects of Rapid Socio-demographic Change (2000-05:NIH, \$1,551,427); (23) International Training and Research Program in Population and Health.(2000-05: NIH Fogarty International Center \$1,122,510); (24) Information Technology and Distance learning advancement of population research (2002-2004: Mellon Foundation, \$400,000); (25) Monitoring the Social Safety Net in Russia: the Russian Longitudinal Monitoring Survey, PI (1992-1994, \$640,000,World Bank); AID; (1994-98: \$2,199,289; 2000-07: \$4,156,868; (26) Monitoring Social Change: Health, Reproduction, Aging, NICHD; PI (1992-2014, past \$15,100,847; 6,958,020; **current**

2014-19: \$11,666,304;); (27) Physical Environment Dynamics, Inequality and Obesity, 2003-2007: NICHD \$1,283,990); (28) Young Adult Environmental and Physical Activity Dynamics (2004-2009): NICHD \$1,124,738; (29) UNC-CH Interdisciplinary Center for Obesity (Directors Office, NIH Roadmap center) (2004-), initial funding \$1,200,000; (30) UNC-CH Interdisciplinary Obesity Training (NIH Roadmap grant) (2005-2010), \$1,380,000; (31-32) 2 R01's: Diet, Activity, Obesity & The Built Environment Dynamics (2005-2010) NCI \$1,501,696 and \$925,640;(33)NIH-FIC: Nutrition-Related NCD Prevention Training in China (2006-2011) \$799,694 (34) Interdisciplinary Training in Maternal and Child Obesity NICHD (2008-2013) 1,259,160; (35) Understanding dietary and obesity-related factors in the UAE (Environmental Agency: \$3 million-2008-10); (36) 3 random controlled trials on water and health(food industry: only organization and analysis funding--\$7 million); (37) Evaluating Dietary Change in the US: RWJF UNC food research program (\$4.5 million-2010-2012; (\$3.2 million-2012-2014); \$1,021,000-2014-2015); (38) Obesity and Metabolic Risk Disparities: Underlying Food Environment Factors (NIH-NHLBI, **\$1.8 million 2010-2015**); (39) Rockefeller Foundation: Preempting The Epidemic Obesity In Developing Countries During The Global Nutrition Transition (\$100,000); (40) SES and race-ethnic disparities in food purchasing and dietary intake: 2000-2015 (NIH-NIDDK) **funding 2013-18: \$2.2 million**; (41) Evaluating the impact of Mexico's SSB and junk food taxes (RWJF) 2014-15 \$486,000; (42) Evaluating the impact of Mexico's SSB (Bloomberg Phil) **2014-17: \$848,941;NIH \$2.3million** (43) Evaluating the Berkeley SSB tax (Bloomberg Phil) **2014-16: \$971,717**; (44) new joint INTA Univ. of Chile-UNC evaluation of the Chilean SSB tax, marketing ban, FOP profiling (**IDRC, Conacyt, Bloomberg**); (45) new initiative to link civil society, scholars, governments to generate large scale regulatory efforts and then to evaluate them plus a \$10 million grant program (**Bloomberg Phil 2016-2020, \$24.1 million**) (46) Evaluating the impact of SSB and nonessential food taxes in Mexico **2016-2020 \$2.5 million**(*All funding is direct costs only*);.

He has also been co-investigator on a number of research projects funded by NIH, NSF, NAS, USDA, the Population Council, and AID. At earlier periods before he came to UNC-CH, Dr. Popkin has acted as a co-investigator of the CIM-Cornell Vitamin A Research project on the Philippines, a 3-year pilot design, the survey design, data base management, and statistical analysis, (1973-76); a principal investigator of the Laguna, Philippine rural households survey in which he handled much of the survey development and data base management and half of the funding (1975-77, \$150,000); the principal investigator of two Filipino research projects on the functional implications of malnutrition on school achievement and on work performance (local currency grants from the Philippines government and also \$20,000 from Rockefeller Foundation); and was the primary consultant and coordinator of the design and implementation of the Bicol Multipurpose Survey (Philippines 1976-84). Additional research experience has been gained with the Rural Negative Income Tax Project, University of Wisconsin Institute for Research on Poverty, (1970-71); with the Population Center, University of Pennsylvania (summer, 1968); with a University of North Carolina at Chapel Hill (UNC-CH) soybean consumption promotion and marketing study in Bolivia (1977-78); and with the Business Research Division of AT&T on human resource analysis of location and hiring policies.

PREVIOUS
WORK
EXPERIENCE:

Dr. Popkin=s previous position was as a Visiting Associate Professor, School of Economics and Social Science Staff special member, Rockefeller Foundation in Manila, Philippines for 2 years (1974-76). At the end of 1976 (3 months), he served as a consultant to the Bicol River Basin Development Program and USAID Regional Development Office (Manila AD/RD). Dr. Popkin has served as Associate Director of

the International Nutrition and Development Policy with Dr. Michael Latham (1972-74). He has helped the Office of Nutrition/TAB, Agency for International Development, prepare a conference on the Economics of Nutrition (1972); worked as a Research Economist with the Institute for Research on Poverty, University of Wisconsin (1971-72); worked as an Economist-Human Resource Planner with the Management Science Division, Wisconsin Telephone Co., AT&T (1970-71); consulted with the Afro-Urban Institute, Milwaukee, Wisconsin (1970); and has done short-term work at the Poverty Institute, the Research, Planning, Program and Evaluation Section of the Office of Economic Opportunity, and the Population Studies Center of the University of Pennsylvania. His overseas experience has included: a 1-year field research and university experience in India in 1965-66; work in the Philippines for his Ph.D. and later in the Philippines and other Southeast Asian countries with the Rockefeller Foundation; and extensive research experiences also in Bolivia, Guatemala, Kyrgyzstan, Russia, and China. He also served several years as a full-time community organizer with a variety of organizations, mainly in large urban poor areas in the North but also in the South in 1969-71.

PREVIOUS
CONSULTING/
SERVICE
EXPERIENCE:

Dr. Popkin has consulted with the Afro-Urban Institute, Milwaukee (1969-70); USAID Office of Nutrition/Washington, DC (1972) and Office of Regional Development/Philippines (1976-83); the American Dietetic Association (1978-79); the Select Committee on Nutrition, US Senate (1969-70); the UNC-CH Laboratories for Population Analysis (UNC-CH, 1979), the UNC-INCAP Food Wastage/Sanitation Benefit-Cost Methodology Project (1977-78); Select Panel for the Promotion of Child Health, DHEW Office of the Secretary (1979-80) for which he headed a group addressing food and nutrition problems and programs in the US; Panel on Factors Affecting Food Selection, National Academy of Sciences (1980-81); Tropical Disease Research Program (UNDP/WHO/IBRD) (1980-82); The World Bank, Office of Population, Health, and Nutrition and various program offices (1981-); Family Health International (1986-88); the UN Coordinating Committee on Nutrition (ACC/SCN) (1986-92); UNICEF (1988-92); Committee on International Nutrition Programs, National Academy of Sciences (1988-91); Research Triangle Institute (1991-present); The World Bank (1991-present); Republic of South Africa Medical Research Council and Government (1994-1999); Pan American Health Organization (1995-); member, Board of Trustees of Pan American Health Education Foundation (1994-); member, Scientific Advisory Committee, Caribbean Food and Nutrition Institute (1996-); Micronutrient Initiative (1995-1999); member of the Board of Trustees, Danone Foundation (1997-); member NAS Committee for Leveraging Longitudinal Data in Developing Countries, Committee on Population (2001-02); WHO Noncommunicable Disease Cluster (2000-); Board of Directors, Society for International Nutrition Research (2002-); NAS Panel on Enhancing the Data Infrastructure in Support of Food and Nutrition Programs, Research, and Decision Making (2004-5). In addition he currently he assists the governments of China, India, and Mexico on program and policy issues related to obesity; is chair of the global scientific committee for Choices International Foundation for front of the pack labeling, Chaired an IOM-NAS committee on food deserts-the availability of affordable, quality food for low income urban and rural areas; chaired several Mexican committees linked with obesity prevention, among others. .

TRAINEES:

Dr. Popkin has been chair of the doctoral committee for 47 completed doctoral students. Nine of these were from other UNC departments for individuals he actually co-chaired with the person from that department (Economics, Epidemiology, Maternal and Child Health, Health Behavior and Health Education, Health Policy and Management). He has been the advisor for nine postdoctoral fellows, of whom 2 are UNC tenured faculty and one will join UNC this fall. In addition, he has been the senior mentor for 8 faculty with past or current K01 mentored young faculty awards and is working with 3 faculty (Anthropology, Nutrition, Epidemiology) as the lead mentor for their proposed K awards now. He has also been the mentor for 9 young fellows from the UNC Medical School.

JOURNAL EXTERNAL REVIEWER (at least 5 reviews for the journal to be listed)

Member of editorial board of a number of U.S. and international journals of nutrition, executive editor of one.

Journal of the American Medical Association, Circulation, British Medical Journal, Lancet, PLoS Medicine, Diabetes Care, Annals of Internal Medicine, Medscape Journal of Medicine

American Journal of Epidemiology, International Journal of Epidemiology, Epidemiology

Journal of Nutrition, American Journal of Clinical Nutrition, European Journal of Clinical Nutrition, British Journal of Nutrition, American Journal of Preventive Medicine, Public Health Nutrition, Appetite, International Journal of Behavioral Nutrition and Physical Activity

Obesity, International Journal of Obesity, Obesity Reviews

American Economic Review, World Development, Social Science and Medicine, Demography, Economic Development and Cultural Change, Journal of Development Studies, Food Policy, Economics and Human Biology, Demography
