

Village Identification

Questionnaire Form C
[1984] Village Survey

Community-Based Integrated Rural Development Evaluation Project "Nang Rong"
Institute for Population and Social Research
Mahidol University

	Questionnaire Identification
<u>Respondents' names</u>	<u>Position</u>
1.
2.
3.
House number (first respondent).....	Village #..... Village Name.....
Subdistrict.....	Nang Rong District, Buriram Province
Name of Subdistrict Headman.....	Village Name.....
(Village number from household listing.....)	
Village status: Moo.....	Village Name..... Subdistrict..... District.....
<input type="checkbox"/> Project Village	
<input type="checkbox"/> Non-Project Village	
Date of Interview.....	Name of Interviewer.....
Beginning Time of Interview.....	Ending Time of Interview.....
Total Time of Interview.....minutes	
Name of Field Supervisor.....	Date.....
Name of Field Editor.....	Date.....
Recommendations of Interviewer.....	
.....	
.....	
.....	
.....	

Part 1 Population

- 1.1 Total number of households (data collected in year 198....)
- 1.2 Total population (data collected in year 198....)
- 1.3 Total male population
- 1.4 Total female population

Part 2 Communication

- 2.1 Is the road from the village connected to a main highway?
Name of highway
How long is the road from the village to the highway? kilometers
- 2.2 Distance from the village to the shortest route (road) to Nang Rong
..... kilometers

What type of road is it?

- Asphalt Road
- Dirt Road
- Cart Road

(More detail on road).....

What is the average time it takes to get to Nang Rong? minutes

- 2.3 In this village, do you have a bus or other public transport that travels between the village and Nang Rong?

- No; how do you get to Nang Rong?.....
- Yes

2.3.1 Price of one-way bus fare to Nang Rong Baht
2.3.2 Number of times the bus goes to Nang Rong each day times
2.3.3 Approximate time the first bus leaves from the village am
2.3.4 Approximate time the last bus arrives at the village pm

Last revised August 7, 1997
1984 Village (Form C) Questionnaire

2.4 Is there any season or month when it is difficult to travel to Nang Rong?

Yes, during the month(s) of

No

2.5 Other than Nang Rong District, to what districts do villagers like to

travel?

because.....

.....

.....

.....

Part 3 Education

3.1 In this village, are there any schools?

Yes, Name of schools.....

Teach from grade.....to grade.....

No

3.2 Name the schools outside the village that many children attend:

1.....Teaches from grade..... to grade.....

Village Name.....Moo.....Subdistrict.....District.....

2.....Teaches from grade..... to grade.....

Village Name.....Moo.....Subdistrict.....District.....

3.3 In this village, are there any preschool child care or development centers?

No

Yes →

Child Development Center

Child Nutrition Center

Child Day Care Center

Other (Specify).....

3.4 Is there a nearby adult education school?

No

Yes, VillageMoo.....Subdistrict.....
 District..... Buriram Province

3.5 Where do most village children attend secondary school?

Name of School.....

Location.....

3.6 Is there any important career development / vocational training offered in the village?

No

Yes

3.6.1 Training Activities	Responsible Agency (government / private)	Describe in detail the number of participants, cooperation received, and benefit
A. <u>Household Industries</u>		
B. <u>Agricultural</u> (Cultivation)		

3.6.1 Training Activities	Responsible Agency (government / private)	Describe in detail the number of participants, cooperation received, and benefit
C. <u>Agricultural</u> (Animal Husbandry)		
D. <u>Skilled labor</u>		
E. <u>Other - Specify</u>		

3.6.2 What vocational training or skill development course is most preferred or valued by the villagers? (Describe in detail).....

.....
.....

3.6.3 If there were to be a future vocational training or skill development course in your village, what training or skill development would be appropriate?

.....
.....
.....

Part 4

Water Resources

4.1 Where do villagers in this village obtain water for agriculture?

Source of water

Place

(1)..... In village Outside of village

(2)..... In village Outside of village

4.1.1 In general, are there any problems with the water used for agriculture?

A. Is there sufficient water throughout the agricultural season?

Sufficient Not sufficient

B. Are there any problems with the quality of water used?

No problem

There is a problem. What is the problem?

(salty/brackish/acid/alkali)

.....
.....

Is this problem solved? How?

.....
.....

4.2 Where do villagers get their drinking water?

Source of water

Place

(1)..... In village Outside of village

(2)..... In village Outside of village

4.2.1 In general, are there any problems with the drinking water?

A. Is there sufficient water drinking water throughout the year?

Sufficient Not sufficient

B. Is there any problem with the quality of the drinking water?

No problem

There is a problem. What is the problem? (cloudy/bitter/other)

.....

.....

Is this problem solved? How?

.....

.....

4.3 Where do villagers get their water for household use?

Source of water

Place

(1)..... In village Outside of village

(2)..... In village Outside of village

4.3.1 In general, are there any problems with water for household use?

A. Is there sufficient water for household use throughout the year?

Sufficient Not sufficient

B. Is there any problem with the quality of the water for household use?

- No problem
- There is a problem. What is the problem? (hard/cloudy/other)

.....
.....

Is this problem solved? How?

.....
.....

4.4 In the vicinity of this village, are there any diversion weirs, dams or irrigation projects that villagers can use?

- Yes, namely (weir, dam, irrigation project).....
- No

4.5 In this village, are there any usable, clean, public water storage tanks (Tung nam)? If so, how many?

- Yes, tanks No

A. Location.....
Who built it?..... What year?.....
B. Location.....
Who built it?..... What year?.....
C. Location.....
Who built it?..... What year?.....

4.6 In this village, how many public sources of water are currently usable?

Well with cement sideswells

Well with PVC hand pumpwells

Shallow dug wellwells

Other - Specify

4.7 During what period is the village likely to have insufficient water?

From month..... to month.....

Part 5 Occupations

- 5.1 What are the main professions in the village? (List in order of importance)
1.
2.
3.
- 5.2 Land area cultivated by members of the village totals about.....rai
- 5.3 In this village or the nearby vicinity are there any natural resources that could be used for household industry? (Particularly ask about the following natural resources: planted mulberry trees (silkworm food), bamboo trees, reed trees, washed hemp, water hyacinth, kapok, fertile soil or other resources you think are available in the village or vicinity)
1.
2.
3.
4.

Part 6 Cultivation

6.1 What crops do villagers commonly cultivate in this village?

Most commonly cultivated crops (in rank order)	Number of times planted per year	Percentage of households cultivating	Yield (kg) per rai/garden	Approximate price per unit*
1.				
2.				
3.				
4.				

*For household vegetable gardens, estimate the market price of yearly garden output.

Part 7 Animal Husbandry

7. What animals do the villagers commonly raise in this village?

Kinds of commonly raised livestock (In order)	Percentage of households raising these animals	Percentage of farms** raising these animals	Is this a successful activity or not?	What problems occur when raising these animals?	Approximate price per unit
1.					
2.					
3.					
4.					
5.					

- 7.1 In the past year, overall, how was the agricultural output of this village?
- Better than usual because.....
 - Same as usual
 - Worse than usual because.....
- 7.2 List the biggest problems that villagers have had with cultivation in the past two years.
1.
 2.
- 7.3 List the biggest problems that villagers have had with raising livestock in the past two years.
1.
 2.

**Definition of "Farm" - Operation with approximately 15 pigs or 70-80 chickens, etc. The techniques used for raising livestock should also be considered.

Part 8 Agricultural Technology

- 8.1 In this village, how many mills are there?mills
 8.2 In this village, is the following agricultural machinery used?

<u>Machinery</u>	<u>How many households have machines?</u>		<u>Are they rented (hired) from outside the village?</u>		
	<u>Not used</u>	<u>Used</u>	<u>Rented</u>	<u>Not Rented</u>	
1. Big tractor	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Small tractor/ Iron buffalo	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Electric generator	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4. Water pump	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5. Rice thresher	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6. Other (Specify)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
.....					

- 8.3 If you were going to rent a tractor to plow land in preparation for planting, how much would it cost?

First plowingBaht per rai

Second plowingBaht per rai

- 8.4 Do farmers in this village like to use the following fertilizers?

1. Chemical fertilizer

Use a lot Place obtained.....

Use some Price per unit..... Baht per

Use a little

Don't use any

2. Natural fertilizer (manure)

- Use a lot Place obtained.....
- Use some Price per unit..... Baht per
- Use a little
- Don't use any

8.5 Do farmers in this village prefer to use insecticides?

- Use a lot What name brand is used?.....
- Use some Place obtained.....
- Use a little
- Don't use any

8.6 In general, what technique is used to irrigate rice paddies, fields, and gardens in this village? (May answer more than 1 technique)

- Use completely natural means of irrigation, seasonal rainfall
- Use other techniques

8.6.1 What techniques are being used? (May answer several; underline the one most preferred)

- Use water pump
- Use water wheel
- Use lateral ditch
- Other - Specify.....

Part 9 Agricultural Market

9.1 At what main markets do farmers in this village prefer to sell their agricultural output or other products? (Rank according to preference)

1. Crop or product.....

In or outside the village

Market in the village

Market outside of the village - Specify.....

2. Crop or product.....

In or outside the village

Market in the village

Market outside of the village - Specify.....

9.2 Do merchants come to buy agricultural products in this village?

No

Yes →

What kinds of products do merchants buy in this village?

1.

2.

3.

9.3 In general, do villagers have any problems selling their agricultural products?

No

Yes, for example.....

9.4 Do villagers sell their products at the Agricultural Market of the Agricultural Co-operatives?

No, because.....
.....

Yes, because.....

Part 10 Sources of Funding for Agricultural Activities

10.1 Most of the time, where do villagers in this village borrow money to invest in agriculture? (Circle the most preferred source)

Loan source	Location	Interest rate	Purpose of loan
1.			
2.			
3.			
4.			

Part 11 Electricity

11.1 Is there any electricity in the village?

- No (Skip to Part 12)
- Yes - In what year did the village first get electricity?
- In what year did villagers begin using a lot of electricity?.....

11.2 Currently, approximately how many households have electricity?
households

Part 12 Communication

12.1 Approximately how many households in this village own a radio?.....

12.2 Approximately how many households in this village own a television set?.....

12.3 Does this village have a village newspaper reading center?

- No
- Yes →

Are public newspapers being delivered regularly?

- Regularly
- Irregularly
- Rarely

12.4 In general, what development news do the villagers in this village receive and from what sources?

- 1.source
- 2.source
- 3.source

12.5 In general, villagers hear about national news from what sources?

- 1.
- 2.
- 3.

Part 13 Social Institutions

13.1 To what temple do people in this village go to make merit?

Name of temple..... What village is it in?.....

13.2 In this village, what dialects do people speak?

(Rank the most common first)

- 1.
- 2.

13.3 In this village, the villagers are members of what clubs, community groups and associations?

Group/Club	Approximately how many members?			Has been established for how many years?	What activities are performed? How often?	Name and title of villager who is a member (1 member only)
	Male	Female	Total			
1. Village Committee						
2.						
3.						
4.						
5.						
6.						
7.						
8.						
9.						
10.						

13.4 Which of the above clubs, groups, or associations is most active? (Priority ranking)

1. because
2. because

Part 14 Health, Hygiene, and Public Health Services

14.1 In this village, where are the villagers most likely to go for health services when ill? (Specify the name of the place where they go for service)

- For a minor illness
- For a major illness

14.2 Are the following medical and public health services provided in the village? If so, how many are there? (Check the box of those located in this village)

<u>Type</u>	<u>Number</u>
<input type="checkbox"/> Private Doctor's Clinic shops
<input type="checkbox"/> Licensed pharmacy (Type A,B,C) shops
<input type="checkbox"/> Grocery store that also sells medicine shops
<input type="checkbox"/> Subdistrict (Tambon) doctor people
<input type="checkbox"/> Unlicensed doctor / Traditional doctor / Doctor who gives injections people
<input type="checkbox"/> Community Family Planning Volunteer people
<input type="checkbox"/> Village Public Health Volunteer people
<input type="checkbox"/> Village Public Health Communicator people
<input type="checkbox"/> Traditional midwife with official training people
<input type="checkbox"/> Traditional midwife who has not received official training people

Other - Specify.....

14.3 Where is the most conveniently located village health center or pre-natal clinic?

14.4 What mobile clinic services have come to the village?

1. When was most recent visit?.....

2. When was most recent visit?.....

3. When was most recent visit?.....

14.5 What are the most common health problems in the village?

(Rank in order of frequency)

1.

2.

3.

14.6 When was the last time there was an epidemic disease in the village?

Year What disease?

14.7 What is the most common cause of death encountered in this village?

.....

14.8 Do married couples in this village like to use family planning?

Yes - Method preferred

No

14.9 From which health service providers do the villagers prefer to receive service for different family planning methods? (Check the boxes that apply.)

Birth Control Technique	Contraceptive Pill (oral)	Condom	Contraceptive Injection	IUD	Female Sterilization	Male Sterilization	Abortion	Other Types
Place of services								
1. Midwife Center								
2. Subdistrict Health Center								
3. District Hospital / Community Hospital								
4. Provincial Government Hospital or General Hospital								
5. Private Hospital								
6. Private Doctor's Clinic								
7. Drug store (common type)								
8. Tambon (Subdistrict) Doctor								
9. Mother / Child Health Center								
10. Community Family Planning Volunteer								
11. Village Public Health Information Volunteer / Village Public Health Volunteer (VHV/VHC)								
12. Other - Specify								

Part 15 Community Development

15.1 What development projects are currently underway in this village?
 (Include all projects)

Project	Agency responsible
1.	
2.	
3.	
4.	
5.	

15.2 Among the different community development projects in this village,
 which were most successful in terms of villager participation and village
 benefit?

Project	Agency responsible
1.	
2.	
3.	

15.3 How many government development or community development officers
 are responsible for work in this village? people

15.4 Which government agencies send officers to help in village
 development?

1. Agency.....Officer title.....
2. Agency.....Officer title.....
3. Agency.....Officer title.....
4. Agency.....Officer title.....

15.5 Which non-government (private) agencies send officers to help in village development?

- 1. Agency.....Officer title.....
- 2. Agency.....Officer title.....
- 3. Agency.....Officer title.....
- 4. Agency.....Officer title.....

15.6 Do you know about the Rural Development Program of the Population and Development Association (Meechai)?

- No
- Yes - Where do you know it from? 1.....
2.....
3.....

15.7 What do you think are the problems or obstacles in rapidly developing the well-being of this village? Why? How should they be solved?

- 1. Problem
-
- Causes.....
-
- How to solve.....
-
- 2. Problem
-
- Causes.....
-
- How to solve.....
-
- 3. Problem
-
- Causes.....
-
- How to solve.....
-
