

Health Disparities Seminar Series

Many Cultures, One Goal: Better Health

“Ethics in Participatory Research”

Dr. Bill Jenkins

Epidemiologist, Institute of African American Research

Prior to joining the UNC Institute for African American Research, Dr. Bill Jenkins served for two decades as Supervisory Epidemiologist in the National Center for HIV, STD, and TB Prevention (NCHSTP) at the Centers for Disease Control and Prevention (CDC) and managed its Minority Health Activities Program. He also managed the Participant Health Benefits Program, which assures medical services to the survivors of the Tuskegee Study of Untreated Syphilis in the Negro Male. Dr. Jenkins served as an expert on minority issues in disease transmission, as Chief of the Research and Evaluation Statistics Section in the Division of Sexually Transmitted Diseases Prevention, and as Manager of the National Minority Organizations HIV Prevention Program.

Dr. Jenkins is a member of the American College of Epidemiology (ACE), the American Statistical Association (ASA), and the American Public Health Association (APHA), where he also served on the Governing Council and Executive Board. He was the chair of the Epidemiology Section of ASA, and a member of the Board of Directors of ACE. Dr. Jenkins obtained his Bachelor’s degree in Mathematics from Morehouse College. He holds a Master’s degree in Biostatistics from Georgetown University, and both a Master in Public Health degree and a Doctor of Philosophy degree in Epidemiology from the University of North Carolina, Chapel Hill. He has also completed post-doctoral work in Biostatistics at Harvard University School of Public Health.
