"I would like you to talk to me about what you ate and drank in the last twenty-four hours--from the time you woke up in the morning until you went to bed at night. If you ate or drank anything during the night, please tell me about that also. Please don't forget to tell me what you ate and drank outside the home. Include all forms of food and drink that you consumed. It is also important for me to know where you ate and where this food was prepared.

Now, let's begin."
