

CURRICULUM VITAE

Tonia Colette Poteat

PERSONAL DATA

333 South Columbia Street
MacNider Hall, Room 345B, CB #7240
Chapel Hill, North Carolina 27599-7240
Phone: +1-919-445-6364
Email: tonia_poteat@med.unc.edu

EDUCATION AND TRAINING

Degree	Year	Institution	Field
PhD	2012	Johns Hopkins Bloomberg School of Public Health Baltimore, Maryland	Department of International Health, Program in Social and Behavioral Interventions
MPH	2007	Rollins School of Public Health Atlanta, Georgia	Department of Behavioral Science and Health Education
MMSc	1995	Emory University School of Medicine Atlanta, Georgia	Physician Assistant Program
BA	1991	Yale University New Haven, Connecticut	Department of Biology

CERTIFICATION/LICENSURE

- Certified HIV Specialist by the American Academy of HIV Medicine, 2003 – 2021
- Licensed as a Physician Assistant by the North Carolina Medical Board, 2018 – 2021
- Certified by the World Professional Association of Transgender Health, 2018 – 2020
- Certified by the National Commission on Certification of Physician Assistants, 1995 – 2020

PROFESSIONAL EXPERIENCE

University of North Carolina at Chapel Hill

Assistant Professor, Department of Social Medicine, September 2018 – present
Core Faculty, Center for Health Equity Research, September 2018 – present
Faculty Fellow, Carolina Population Center, July 2020 – present
Adjunct Assistant Professor, Department of Health Behavior, July 2020 – present

University of North Carolina Infectious Diseases Clinic

Physician Assistant, November 2018 – present

Johns Hopkins University Bloomberg School of Public Health
Department of Epidemiology, Center for Public Health and Human Rights
Adjunct Assistant Professor, September 2018 – present
Assistant Professor, July 2014 – August 2018
Baltimore, Maryland

Johns Hopkins University Bloomberg School of Public Health
Department of Health, Behavior, and Society
Assistant Professor, Joint Appointment, July 2017 – August 2018
Baltimore, Maryland

Johns Hopkins University Bloomberg School of Public Health
Department of International Health, Social and Behavioral Interventions Program
Assistant Professor, Joint Appointment, July 2014 – August 2018
Adjunct Assistant Professor, June 2012 – June 2014
Baltimore, Maryland

Johns Hopkins Hospital, Division of Infectious Diseases
John G. Bartlett Specialty Practice
Physician Assistant, January 2015 – July 2018
Baltimore, Maryland

University of California San Francisco
Division of Prevention Sciences, Center for AIDS Prevention Studies
Summer Visiting Assistant Professor, 2016 – 2017
San Francisco, California

Southeast AIDS Training and Education Center
Emory University School of Medicine
Consultant Clinical Instructor, May 2001 – September 2015
Atlanta, Georgia

Office of the United States Global AIDS Coordinator
Senior Technical Advisor for Key Populations, April 2012 – June 2014
Washington, District of Columbia

Chase Brexton Health Services
Physician Assistant, September 2008 – February 2012
Baltimore, Maryland

Centers for Disease Control and Prevention
Global AIDS Program, HIV Care and Treatment Branch
Health Scientist, September 2004 – May 2010
Atlanta, Georgia

Grady Health System Infectious Disease Program

Physician Assistant, September 2001 – August 2008

Atlanta, Georgia

University of Missouri – Kansas City School of Medicine, Department of Gastroenterology

Schering Fellow in Liver Disease, September 2000 – September 2001

Kansas City, Missouri

Southwest Boulevard Family Health Care

Physician Assistant, July 1999 – August 2001

Kansas City, Kansas

Callen - Lorde Community Health Center

Physician Assistant, July 1996 – June 1999

New York, New York

Beth Israel Medical Center

Physician Assistant, January 1996 – February 1998

New York, New York

Atlanta Northside Family Planning Services

Clinic Assistant, August 1993 – August 1994

Atlanta, Georgia

Project Open Hand

Volunteer Coordinator, November 1992 – August 1993

Atlanta, Georgia

Feminist Women's Health Center

Lay Health Worker, June 1991 – October 1992

Atlanta, Georgia

HONORS AND AWARDS*Honors*

- Aspen Health Scholar, Aspen Ideas Festival. June 20 – 23, 2019.
- HIV Game Changer, TheBodyPro.Com, <http://immersive.thebodypro.com/LBLN/hiv-game-changers-tonia-poteat>, 2019
- Diversity Visiting Professor, Department of Medicine, Albert Einstein College of Medicine, January 2017
- Faculty Recognition for Excellence in Teaching, Johns Hopkins Bloomberg School of Public Health, 2015 – 2016
- Intersectional Qualitative Research Institute Scholar, University of Maryland, 2015
- Center for Population Research on LGBT Health Summer Institute Scholar, 2011

- Distinguished Fellow, American Academy of Physician Assistants, 2007
- Who's Who Among Students in American Colleges and Universities, 1995

Awards

- Simmons Scholar Award, University of North Carolina School of Medicine, 2018 – 2023
- Johns Hopkins Clinical Research Scholar Award, 2017-2018
- Johns Hopkins Golden Apple Award for outstanding teaching and mentorship, 2017
- Richard L. Gelb Award, Johns Hopkins Faculty Innovation Cancer Prevention Fund, 2017
- HIV Prevention Trials Network Scholar Award, 2015 – 2016
- Johns Hopkins University Diversity Leadership Award, 2014
- Out to Innovate Scholarship Award, National Organization for Gay and Lesbian Scientists and Technical Professionals, 2011
- International Maternal and Child Health Institutional Training Grant, National Research Service Award, 2008 – 2011
- The Point Foundation Scholarship Award, 2004 – 2007
- Charles and Sue Hardman Scholarship Award, 2005
- HIV University Volunteer Appreciation Award, 2000 and 2001
- National Health Service Corps Scholarship Award, 1993
- Feminist Health Center Award for Outstanding Commitment to Women and AIDS, 1992
- World AIDS Day Volunteer Achievement Award, 1990
- Yale Community Service Award, 1989
- National Achievement Scholarship Award, 1987

PUBLICATIONS

Books

1. Stall R, Dodge B, Bauermeister J, **Poteat T**, Beyrer C, eds. *LGBTQ Health Research: Theory, Methods, Practice*. Baltimore, Maryland: Johns Hopkins University Press, September 2020. 304 pages. ISBN: 142143878X.

Book Chapters

1. **Poteat T**, Stahlman S. "Global Health." In: Stall R, Dodge B, Poteat T, Bauermeister J, Beyrer C, eds. *LGBTQ Health Research: Theory, Methods, Practice*. Baltimore, Maryland: Johns Hopkins University Press, September 2020.

PRESENTATIONS

Scientific Meetings

Invited Plenary Sessions

“Transgender Health;” *American College of Physicians North Carolina Chapter 2020 Annual Scientific Session*; Greensboro, NC: February 29, 2020.

“Preparing to End the HIV Epidemic among Transgender People of Color;” *UNC Center for AIDS Research Annual World AIDS Day Symposium*; Chapel Hill, NC: December 6, 2019.

“Health Inequities in Trans Populations;” *The State of Transgender Health at UNC*; Chapel Hill, NC: October 2018 and 2019.

“National Study of the US Trans Population;” Opening Plenary Panel. *United States Professional Association for Transgender Health Conference*; Washington, DC: September 5, 2019.

“Intersectionality and Community-Engaged LGBTQ Health Research: Notes from the Field;” Opening Keynote. *National LGBTQ Health Conference*; Atlanta, Georgia: May 31, 2019.

“Social Drivers of HIV in Trans Communities: Mental and Social Health in Transgender Patients;” *HIV in 2019: Clinical Update and Vulnerable Populations*; Chapel Hill, NC: May 6, 2019.

“Promoting Trans Health and Wellness: Evidence-Informed Approaches to Research and Care;” Plenary Session. *Southern Trans Health and Wellness Conference – Creating Trans Health Equity*; Winston-Salem, North Carolina: March 8, 2019.

“HIV and the Transgender Community;” *UNC Center for AIDS Research Annual World AIDS Day Symposium*; Chapel Hill, NC: November 30, 2018.

“HIV and the Transgender Community;” *UNC Center for AIDS Research 20th Annual World AIDS Day Symposium*; Chapel Hill, NC: November 30, 2018.

“Transgender Persons at Risk;” Session on *Still at Highest Risk: Innovative Approaches & Urgent Needs for Prevention and Care*. IDWeek 2018; San Francisco, California: October 4, 2018.

“Transgender people;” Session on *Key populations: Social, structural, behavioural and biological factors potentiating STI epidemics*. STI 2018: Understanding and Addressing the HIV and STI Syndemics; Amsterdam, The Netherlands: July 21, 2018.

“State of Transgender Health Science;” Opening Plenary. *National Transgender Health Summit*; Oakland, California: November 11, 2017.

“Connecting Trans HIV Clinical Care and Research - Using Cross Cohort Analyses to Identify Long-term Complications;” Symposium. *Transgender Populations: Connecting the Dots for Trans Clinical Care Services and HIV Care*. 9th International AIDS Society Conference on HIV Pathogenesis, Treatment, and Prevention; Paris, France: July 23, 2017.

“Transgender Populations: Epidemiology and Best Practices in STD Prevention and Care;” Mini-Plenary Session. *National STD Conference*. Atlanta, Georgia. September 22, 2016.

“The TRANSIT Care Delivery Model: Implementing Comprehensive HIV Prevention, Care, and Treatment for Transgender People;” Opening Plenary Session. *No More Lip Service: Trans Pre-Conference*. AIDS 2016. Durban, South Africa. July 17, 2016

“HIV in Transgender Populations: Evidence for Action;” Joint Plenary Session. *HIV Prevention Trials Network Annual Meeting*. Crystal City, Virginia. June 15, 2016.

“HIV Transmission Risk among Transgender Women Living with HIV;” Scholars Plenary Session. *HIV Prevention Trials Network Annual Meeting*. Crystal City, Virginia. June 14, 2016.

“Transgender Health and HIV: Charted and Uncharted Waters;” Plenary Session. *Conference on Retroviruses and Opportunistic Infections*. Boston, Massachusetts. February 24, 2016.

“HIV Related Disparities among Black MSM and Associations with Structural Factors.” The Lancet MSM and HIV Symposium: 2014 Update. *Gay and Lesbian Medical Association 32nd Annual Conference*. Baltimore, Maryland. September 12, 2014.

Invited Seminars

Gender Inclusive Language. *United States Food and Drug Administration All Hands Meeting* webcast. Silver Spring, Maryland. November 15, 2019.

Integration of the Social Determinants of Health in HIV Care. *Workshop on HIV and Transgender People*. Mexico City, Mexico. July 20, 2019.

Priorities for research and programmes for trans communities. *20th International Union against Sexually Transmitted Infections (IUSTI) World Congress*. Vancouver, British Columbia, Canada. July 15, 2019.

Transgender Health. *National Institute of Environmental Health Sciences 2019 Diversity Speaker Series*. Durham, North Carolina. June 28, 2019.

Sustaining a Career in Sexual and Gender Minority Research. *National Institutes of Health Sexual and Gender Minority Regional Workshop*. Atlanta, Georgia. May 30, 2019.

Medical Management of HIV Among Transgender Adults. *International Antiviral Society–USA*. Webinar. May 7, 2019.

Addressing HIV with Transgender Populations: A Health Equity Approach. *HIV Grand Rounds. Perelman School of Medicine at the University of Pennsylvania*. Philadelphia, Pennsylvania. December 6, 2018.

The Role of Syndemics in Driving the HIV Epidemic in the Harnessing Information for HIV Prevention symposium. *AIDS 2018*. Amsterdam, The Netherlands. July 24, 2018.

Martin Delaney Presentation: Science Is Better When Women Are Represented. *Conference on Retroviruses and Opportunistic Infections*. Boston, Massachusetts. March 4, 2018.

Incorporating Resilience into the Medical Appointment with Black LGBT People. *35th Annual GLMA Conference on LGBT Health*. Philadelphia, Pennsylvania. September 15, 2017.

LGBT Health and HIV: A Human Rights Approach to Public Health. *Johns Hopkins School of Public Health Epidemiology Research Seminar*. Baltimore, Maryland. January 27, 2017.

Providing Affirming and Competent Care for Patients of Trans Experience. *Montefiore Health System Department of Medicine Grand Rounds*. Albert Einstein College of Medicine. New York, New York. January 19, 2017.

Transgender Populations: Best Practices in STD Prevention and Care. *2016 National STD Prevention Conference*. Atlanta, Georgia. September 22, 2016.

Update on HIV Prevention and Care for Transgender Populations. *GLMA 34th Annual Conference on LGBT Health*. Saint Louis, Missouri. September 17, 2016.

Cervical Cancer Screening for Sexual and Gender Minorities. *GLMA 34th Annual Conference on LGBT Health*. Saint Louis, Missouri. September 16, 2016.

“I Am Not a Man”: Addressing HIV Risk Among Transgender Women. *North Carolina Sexual Health Conference*. Cary, North Carolina. August 25, 2016.

HIV Prevention for Transgender Populations. JAIDS Supplement Launch. HIV Prevention Trials Network Satellite Session at *AIDS 2016*. Durban, South Africa. July 20, 2016.

Improving Provider Knowledge: A Key to Stigma Reduction for Trans Populations. Competent and Affirming Health Care for Gay and Bisexual Men/MSM and Transgender Women as a Broader Context for HIV Care and Prevention. *AIDS 2016* Satellite Session. Durban, South Africa. July 18, 2016.

Welcome to the “TRANSIT” (Transgender Implementation Tool). No More Lip Service: Trans Pre-Conference. *AIDS 2016*. Durban, South Africa. July 17, 2016.

Care of the Transgender Patient with HIV. *26th Annual Clinical Care of the Patient with HIV Infection*. Johns Hopkins Medical Institute. Baltimore, Maryland. May 2, 2016.

Transgender Women Sex Workers: Modeling HIV Prevention when Data Are Limited. New York University Department of Population Health. *Using Modeling to Inform Public Health* seminar. New York, New York. January 28, 2016.

Tailoring PrEP for Transgender Women. *Johns Hopkins University School of Nursing AIDS Education and Training Center*. Baltimore, Maryland. September 18, 2015.

Affirmatively Transgender: The Role of Law and Policy; *O’Neill Institute for National and Global Health Law Colloquium*. Georgetown University Law Center. Washington, District of Columbia. September 2, 2015.

Epidemiology of HIV infection and Related Syndemics in Transgender People; *HIV Prevention Trials Network Annual Meeting*, Pre-Meeting Workshop: Developing HIV Prevention Interventions for Transgender Men and Women, and other Gender Non-Conforming Individuals. Crystal City, Virginia. June 12, 2015.

HIV Risk and Preventive Interventions in Transgender Women Sex Workers; *International Course on HIV: Pathogenesis, Prevention and Treatment– 2015: Toward to HIV Cure*. Lima, Peru. March 5, 2015.

A Community Empowerment Approach to the HIV Response among Sex Workers: Effectiveness, challenges, and considerations for implementation and scale-up; *International Course on HIV: Pathogenesis, Prevention and Treatment– 2015: Toward to HIV Cure*. Lima, Peru. March 5, 2015.

When Gender and Sex Differ: Hormone Therapy in the Care of Transgender People with HIV; *2nd Annual National Trans Health Symposium*. Atlanta, Georgia. November 14, 2014.

Transgender Health and HIV: Data from Baltimore; *5th Annual Conference of the Chesapeake Chapter of the Association of Nurses in AIDS Care – Local Trends and Community Engagement*. Baltimore, Maryland. September 30, 2014.

Global Burden: HIV Testing during session entitled The Global Picture: Transgender Health and Rights; *XIX International AIDS Conference*. Washington, District of Columbia. July 26, 2012.

Difficult Cases: Drug Interactions and HIV Care in Transgender Patients; *Philadelphia Transgender Health Conference*. Philadelphia, Pennsylvania. June 2, 2012.

Providing Culturally Competent Care for LGBT Patients. Gertrude Stein Society of Johns Hopkins Medical Institutions. Baltimore, Maryland. March 26, 2012.

The Many Faces of Black Lesbian Health Disparities. 29th GLMA Annual Conference on LGBT Health. Atlanta, Georgia. September 23, 2011.

LGBT Health Disparities. University of Maryland School of Medicine. Baltimore, Maryland. February 16, 2011.

PRACTICE ACTIVITIES

Presentations to policy-makers and other stakeholders

“Pandemic Call and Response: Black Queer & Trans Communities” in Communities in Partnership: Ensuring Equity in the Time of COVID-19 webinar series; University of North Carolina Center for Health Equity Research and Community Campus Partnerships for Health. May 6, 2020: <http://www.ccphealth.org/covid-19-equity/>

North Carolina World AIDS Day Summit; North Carolina Governor’s Office of Public Engagement. Raleigh, North Carolina. December 1, 2018.

Debunking “Alternative Facts” About LGBTQ People. Human Rights Campaign video. Published April 20, 2017: <https://www.youtube.com/watch?v=hC-4hfLi8PU>.

Stigma and Discrimination Expert Consultation; President’s Emergency Plan for AIDS Relief (PEPFAR). Office of the U.S. Global AIDS Coordinator and Health Diplomacy. Washington, District of Columbia. November 2–3, 2016.

Translating Research into Action: Reducing HIV Stigma to Optimize HIV Outcomes; White House Office of National AIDS Policy. Washington, District of Columbia. March 3–4, 2016.

Consultation on HIV among Transgender People; White House Office of National AIDS Policy. Washington, District of Columbia. February 10, 2016.

Understanding the Health Needs of Aging Black Lesbians; 6th Annual Out on the Hill Black LGBT Leadership Summit: A Focus on Health and Wellness of Our Community. Washington, District of Columbia. September 18, 2015.

HIV Prevention for Transgender Sex Workers. United Nations Population Fund Red Bag meeting. New York, New York. August 18, 2014.

The View from Academia: Discussions with Experts; Pan American Health Organization Regional Meeting on the Health of Lesbian, Gay, Bisexual and Trans (LGBT) Persons and Human Rights. Washington, District of Columbia. December 10, 2014.

The Picture of Health: How Statistics Will Change LGBT Health Care; International Gay and Lesbian Leadership Conference. Houston, Texas. December 3, 2011.

TEACHING

Classroom Instruction

Sexual and Gender Minority Health: Issues, Controversies, and Inequities. Social and Health Systems 3 (12 students) Seminar Developer and Instructor, University of North Carolina School of Medicine, Fall 2019 – 2020.

Epidemiology of LGBT Health (20-25 students) “Introduction to Sexual Orientation, Gender Identity, and Public Health” 2013-2015, Course Developer and Instructor, Johns Hopkins Bloomberg School of Public Health, Term II: 2013 – 2018.

Special Studies Seminar: Critical Theory in Public Health (5 students), Seminar Developer and Instructor, Johns Hopkins Bloomberg School of Public Health, Term III: 2017.

Principles of Epidemiology (20 students), Laboratory Instructor, Johns Hopkins Bloomberg School of Public Health, Summer Term: 2015.

Introduction to Sexual Orientation, Gender Identity, and Public Health (16 students), Course Developer and Instructor, Johns Hopkins Fall Institute, Universitat Pompeu Fabra, Barcelona, Nov. 18-20, 2015.

Public Health, Sexual Orientation, and Gender Identity (12 students), Course Developer and Instructor, Department of Public Health Studies, Krieger School of Arts and Sciences, Johns Hopkins University, Summer Term I: 2011.

Independent Study Students

Grayson Rodgers, Gillings School of Public Health Student, Spring 2020

Noa Nessim, University of North Carolina Medical Student, Block 10, 2019

Catherine Tomko, Johns Hopkins School of Public Health PhD student, Fall 2016

Benjamin Ackerman, Johns Hopkins School of Public Health PhD student, 2015 – 2016

Jordan White, Johns Hopkins School of Public Health DrPH student, 2015 – 2016

Post-Doctoral Fellows

Ashleigh Rich, Canadian Institutes of Health Research, University of North Carolina, March 2021-2022

Darius Scott, National Science Foundation, University of North Carolina, September 2018 – 2020

Kevon-Mark Jackman, T32 in HIV Prevention Science, Johns Hopkins, July 2017 – 2018

Mitchell Wharton, T32 in HIV Prevention Science, Johns Hopkins, July 2016 – 2018

Masters Paper Reader

Margo Faulk, University of North Carolina, Master of Public Health, March – July 2019

Student Health Action Coalition Gender Affirming Care Clinic Preceptorship

Margo Faulk, University of North Carolina School of Medicine student, July 2019 – May 2020

Noa Nessim, University of North Carolina School of Medicine student, July 2019 – May 2020

HIV Clinical Preceptorship

Jared Davis, Johns Hopkins adult/geriatric nurse practitioner student, September – December 2017

Catherine Willman, Johns Hopkins adult/geriatric nurse practitioner student, April – May 2017

Tyler Corkum, Johns Hopkins adult/geriatric nurse practitioner student, March – April 2017

Marnette Valcin, Johns Hopkins adult/geriatric nurse practitioner student, January – March 2016

Yemi Mengesha, Johns Hopkins adult/geriatric nurse practitioner student, January – June 2015

Andrea Danielson, Johns Hopkins adult/geriatric nurse practitioner student, January – June 2015

Academic Advisees

Athena Ford, PhD student, Johns Hopkins School of Nursing, January 2017 – March 2019

Jowanna Malone, PhD student, Johns Hopkins School of Public Health, July 2017 – August 2018

Meridian Howes, MSPH student, Johns Hopkins School of Public Health, July 2017 – August 2018

Carly Ordack, MPH student, Johns Hopkins School of Public Health, July 2016 – August 2018

Lookman Mojeed, MPH student, Johns Hopkins School of Public Health, July 2017 – May 2018

Yvonne Roblas, MPH student, Johns Hopkins School of Public Health, July 2016 – June 2017

Yuru Huang, MSPH student, Johns Hopkins School of Public Health, August 2014 – May 2016

Capstone Project Advisees

Elisa Juarez Sanchez, MSPH student in International Health, June 2016 – May 2017

Capstone: Violence experiences in childhood and adolescence among gay men and transgender women living in Peru: A qualitative exploration

Erin Cooney, MSPH student in International Health, June 2016 – May 2017

Capstone: Developing a Shared Decision-Making Tool to Assess Surgical Outcomes and Patient Satisfaction Following Gender Affirming Chest Reconstruction.

*2017 Nancy Stephens Award in International Health

*2017 Delta Omega Alpha Chapter Inductee

Adejare Atanda, MPH program, January 2015 – May 2015

Capstone: Sexual orientation and cardiovascular disease: A population based cross-sectional study using 2007-2012 NHANES data

Preliminary Oral Exam Participation

Athena Ford, PhD student, Johns Hopkins School of Nursing, January 2018

Thesis: The Influences of Transgender Community Connection on Mental Health, Help-Seeking, and Engagement in Care among Trans Women of Color Who Have Experienced Violence

Ju Park, PhD student, Epidemiology, Johns Hopkins, March 2017

Thesis: Post-Traumatic Stress Disorder among Street-based Female Sex Workers

Cristina Rodriguez-Hart, PhD student, Health, Behavior and Society, Johns Hopkins, January 2016

Thesis: Stigma and Explanatory Mechanisms for HIV Testing and Viral Suppression among Nigerian Men who have Sex with Men

Skyler Jackson, PhD student, Psychology, University of Maryland, September 2016

Thesis: Intersectional Identity Events, Stigma-Related Stress, and Psychological Health among Lesbian, Gay, and Bisexual Communities

Daniel Siconolfi, PhD student in Health, Behavior and Society, Johns Hopkins, December 2014

Thesis: Longitudinal Patterns of Mental Health in Young Sexual Minority Males

Final Oral Exam Committee

Athena Ford, PhD in Nursing, Johns Hopkins School of Nursing, March 2019

Thesis: TransConnect: A Mixed Methods Study of Pathways to Health for Black and Latinx Transgender Women who have Survived Violence

Skylar Jackson, PhD in Psychology, University of Maryland, April 2018

Thesis: Intersectional Experiences, Stigma-Related Stress, and Psychological Health Among Black Lesbian, Gay, Bisexual Communities

Kwame S. Sakyi, PhD in International Health, Social and Behavioral Interventions program, Johns Hopkins University Bloomberg School of Public Health, April 2017

Thesis: Experiences in HIV Care in the Postpartum Period in Ghana: The Role of Stigma, Birthweight, and Newborn Care.

Natalie Alizaga, PhD in Social Psychology, George Washington University, November 2016

Minority stress, cervical cancer screening behaviors, and gender-affirming health care among trans masculine individuals.

Daniel Siconolfi, PhD in Health, Behavior and Society, Johns Hopkins University Bloomberg School of Public Health, October 2015

Thesis: Longitudinal Patterns of Mental Health in Young Sexual Minority Males

Noah Adams, MSW candidate, Dalhousie University, Halifax, Canada, July 2015

Thesis: Accountability for variation in estimates of suicidality among transgender adults

Practicum Students

Michael Nodzenski, University of North Carolina Biostatistics Practicum, Spring 2020

Kodiak Soled, Johns Hopkins Nursing Research Honors Program Practicum, 2017 – 2018

Leena Aurora, Johns Hopkins Public Health Studies undergraduate, Research Practicum, Spring 2017

Erin Cooney, Johns Hopkins MSPH student, Research Practicum, 2016 – 2017

Mannat Malik, Johns Hopkins MPH student, Research Practicum, 2015 – 2016

Mentees and Interns

Allison Lowe, UNC Transgender Health Program Intern, UNC MPH/MSW candidate, 2020

Jasmine Sanders, North Carolina Central University, undergraduate public health intern, 2020-2021

Theo Beltran, Gillings School of Public Health, Department of Epidemiology PhD student, 2020-2021

*Biosocial Pre-doctoral traineeship award, Carolina Population Center
 Christina Wojnarwsky, Shenandoah University, public health practicum, Summer –Fall 2020
 Ashleigh Rich, University of British Columbia PhD student, Friedman Scholar, 2018 – 2020
 Maryam Chaudhry, Georgia State University School of Nursing, Project Imhotep Summer Intern, 2019
 *1st place for oral presentations at 5th Annual UNC Summer Research Symposium
 Bennett Gosiker, Johns Hopkins epidemiology MHS Student, CFAR Summer Scholar, 2018
 Zachery Reilly, Johns Hopkins medical student, Scholarly Research Concentration, 2016
 *Excellence in Medical Student Research Award
 Olivia Berci, Johns Hopkins undergraduate senior, Baltimore HIV Summer Scholars program, 2015
 Ivanildo Pereira Da Silva Filho, Johns Hopkins international student summer intern, 2015

Other Teaching - Guest Lectures

- *HIV in Trans Populations* lecture for “The HIV/AIDS Course” at the University of North Carolina at Chapel Hill, Spring 2020.
- *The Health of LGBTQ Populations* lecture for “Introduction to Public Health” at Gillings School of Public Health, University of North Carolina Chapel Hill, Fall 2019.
- *Transgender Health Research* lecture for “Lesbian, Gay, Bisexual, and Transgender (LGBT) Health: A Population Perspective” at Gillings School of Public Health, University of North Carolina Chapel Hill, Spring 2019.
- *HIV in LGBT Populations* annual lectures for Epidemiology and Public Health Impact of HIV and AIDS 1) at Johns Hopkins Bloomberg School of Public Health, 2nd term, 2011 – 2018.
- Women’s Health Clerkship lecture on lesbian health for Johns Hopkins School of Medicine Medical Students, quarterly, 2015 – 2018.
- *Medical Care of Transgender People with HIV* for the annual conference on “Diagnosis, Care and Management of Persons with HIV/AIDS” sponsored by the Mid-Atlantic AIDS Education and Training Center at Johns Hopkins Medicine, 2015 – 2017.
- *Vulnerable Populations*. Online LGBT Health Continuing Medical Education. Harvard Global Academy. Harvard Medical School, Summer 2017.
- *Impact of Minority Stress*. Online LGBT Health Continuing Medical Education. Harvard Global Academy. Harvard Medical School, Summer 2017.
- *Health and Human Rights* selective in the Foundations of Public Health Course at the Johns Hopkins School of Medicine, Fall 2016.
- Emory University Annual Physician Assistant Recertification Exam Review: HIV Update lecture, annually, 2009-2016.
- Minority Health: Designed and delivered lectures on LGBT health for students in the public health program at the University of Maryland, semi-annually, 2013-2016.
- Social and Behavioral Interventions Seminar: Led classroom discussion on the topic of *Public Health and Human Rights: The Case of Sexual Health and Rights* at Johns Hopkins Bloomberg School of Public Health, 3rd terms 2010-2012.
- Cultural Factors in Public Health: Designed and delivered lecture on *Gender, Sex, and Sexuality* at Johns Hopkins University, Spring 2011 and 2012.

- Applied Medical Microbiology: Designed and delivered case-based lecture on *Gynecologic Infections* at Emory University School of Medicine, Physician Assistant Program, Spring terms, 2008 – 2010.

GRANTS

Active Grants

Title: Cardiovascular Health of Sexual and Gender Minorities in the Hispanic Community Health Study/Study of Latinos (SGM HCHS/SOL)

Dates: March 2020 – February 2025

Sponsoring Agency: National Heart, Lung, and Blood Institute (1R01HL149778-01)

Co-Principal Investigators: Tonia Poteat, PhD, MPH, PA-C and Kristi Perreira, PhD

Funding level: \$ 3,705,730

Objective: The study aims to examine the impact of minority stress on the cardiovascular health of sexual and gender minorities within the Hispanic Community Health Study, a multi-site longitudinal study which has been collecting data among Latinos in the United States since 2007.

Role: Co-Principal Investigator, 25% Effort

Title: Biopsychosocial Mechanisms Linking Gender Minority Stress and HIV Comorbidities

Dates: September 2018 – March 2023

Sponsoring Agency: National Institute of Minority Health and Health Disparities (1R01MD013498-01)

Principal Investigator: Tonia Poteat, PhD, MPH, PA-C

Funding level: \$3,341,132

Objective: The study follows a multisite, longitudinal cohort of transgender women with HIV in Boston, MA and Washington, DC to assess relationships between intersectional stigma, chronic stress, mental health and cardiovascular disease outcomes.

Role: Principal Investigator, 30% Effort

Title: Integrating HIV Prevention, Gender-Affirmative Medical Care, and Peer Health Navigation for Transgender Women

Dates: September 2018 – August 2023

Sponsoring Agency: HIV Prevention Trials Network (HPTN 091)

Principal Investigators: Tonia Poteat, PhD, MPH, PA-C and Sari Reisner, ScD

Funding level: \$5,000,000

Objective: This feasibility and acceptability study is designed to assess the preliminary efficacy of integrating gender-affirming medical care with HIV prevention services and strength-based peer case management at five sites in the United States and Latin America.

Role: Co-Principal Investigator, 20% Effort

Title: Meeting the Pandemic Needs of Black Lesbian Elders: Data to Inform a Rapid COVID-19 Response Intervention

Dates: April 2020 – March 2021

Sponsoring Agency: Urgent Action Fund

Principal Investigators: Tonia Poteat, PhD and Mary Anne Adams, MSW

Funding level: \$1,500

Objective: This rapid assessment uses quantitative and qualitative methods to determine the impact of the COVID-19 pandemic on the health and well-being of older Black sexual minority women.

Role: Co-PI, no salary support

Title: American Cohort to Study HIV Acquisition among Transgender Women in High Risk Areas

Dates: July 2017 – June 2022

Sponsoring Agency: National Institute of Mental Health (1UG3AI133669-01)

Principal Investigators: Andrea Wirtz, PhD and Sari Reisner, ScD

Funding level: \$1,533,277

Objective: The study follows a multisite, longitudinal cohort of transgender women across the eastern and southern U.S. to characterize risk factors for HIV acquisition, access to bio-behavioral HIV prevention methods, and linkage to care for those who HIV seroconvert.

Role: Co-Investigator, 20% Effort (no salary support after Sept 2018, transferred institutions)

Title: Combining Cohorts for Equity: Understanding Comorbidities in Diverse Women

Dates: May 2020 – April 2021

Sponsoring Agency: The North Carolina Translational and Clinical Sciences Institute

Principal Investigator: Tonia Poteat, PhD, MPH, PA-C

Funding level: \$50,000

Objective: This pilot study aims to merge data from three longitudinal cohorts to assess comorbid conditions among cisgender and transgender women of varying HIV status.

Role: Principal Investigator, no salary support

Title: Development of a Regional Transgender Health Research and Education Collaborative in the Southern US

Dates: April 2019 – March 2021

Sponsoring Agency: Patient Centered Outcomes Research Institute Engagement Award

Principal Investigator: Mary Kate Stewart, MD, MPH

Funding level: \$250,000

Objective: This project aims to develop a regional transgender health research and education collaborative in southern states comprising racially and ethnically diverse transgender and gender non-binary (TNB) individuals, providers, researchers, and other stakeholders; build the capacity of the TNB community and stakeholders to engage meaningfully in partnered research; and develop or adapt existing tools, curriculum, and resources prioritized by the collaborative to support trans resiliencies, resources, and empowerment in healthcare.

Role: Co-Investigator, 8% Effort

Title: Transforming the Carolinas: Preparing to End the Epidemic for Transgender People of Color

Dates: August 2019 – July 2020

Sponsoring Agency: National Institutes of Health/Center for AIDS Research - Supplement

Principal Investigator: Tonia Poteat, PhD, MPH, PA-C

Funding level: \$100,000

Objective: The formative study aims to identify and prioritize community-driven interventions to address gaps in HIV prevention and care for transgender people of color in North and South Carolina.

Role: Principal Investigator, 10% Effort

Title: An Integrated Technology-Based “Status-Neutral” Approach to Engage YMSM/YTGW in the Prevention and Care Continuum in North and South Carolina

Dates: August 2019 – July 2020

Sponsoring Agency: National Institutes of Health/Center for AIDS Research - Supplement

Principal Investigator: Lisa Hightow-Weidman, MD

Funding level: \$100,000

Objective: This formative study aims to pilot a stigma-informed, technology-enhanced approach to engaging young transgender women and young men who have sex with men in uptake and adherence to HIV pre-exposure prophylaxis.

Role: Co-Investigator, no salary support

Title: ACCELERATE! Monitoring and Evaluation

Dates: July 2019 – December 2020

Sponsoring Agency: Viiv Healthcare

Principal Investigator: Tonia Poteat, PhD, MPH, PA-C

Funding level: \$89,480

Objective: The overall project conducts process and outcome evaluations for the ACCELERATE intervention designed to reduce HIV vulnerability among Black MSM in Baltimore and Jackson. This contract supports qualitative data collection and analysis at the Jackson, Mississippi site.

Role: Consultant Principal Investigator, 20% Effort

Completed Grants

Title: The BREATHE Cohort

Dates: April 2019 – March 2020

Sponsoring Agency: University of Michigan Institute for Research on Women and Gender

Principal Investigator: Sarah Peitzmeier, PhD

Funding level: \$10,000

Objective: This pilot study is designed to use assess chest binding-related practices, symptoms, and quality of life impact in trans masculine individuals and to develop the first validated tools for measuring these concepts.

Role: Co-Investigator, no salary support

Title: Supplementing RDD Telephone Surveys with RDS to Oversample Gender Minorities

Dates: September 2018 – August 2019

Sponsoring Agency: UNC Center for Health Equity Research and the NC TraCS Institute

Principal Investigator: Robert Agans, PhD

Funding Level: \$50,000

Objective: This study will implement a new random digit dialing (RDD) plus respondent driven sampling (RDS) method to oversample transgender people as well as those with nonconforming gender identities to determine if the transgender people can be reached through this approach.

Role: Co-Investigator, no salary support

Title: Transgender Women Mobilizing and Preparing for High Impact Prevention

Dates: February 2018 – August 2019

Sponsoring Agency: Gilead Sciences, Inc.

Principal Investigator: Tonia Poteat, PhD

Funding level: \$105,000

Objective: This research project aims to identify actionable barriers and facilitators of HIV pre-exposure prophylaxis uptake and adherence for transgender women in South Africa.

Role: Principal Investigator, 5% Effort (no salary support after Sept 2018, transferred institutions)

Title: A Mixed-Methods Approach to Identify Intervenable Factors Associated with Breast Cancer Screening and Follow-up for Black Sexual Minority Women

Dates: June 2017 – June 2019

Sponsoring Agency: Johns Hopkins Faculty Innovation Cancer Prevention Fund

Principal Investigators: Tonia Poteat, PhD and Lorraine Dean, ScD

Funding level: \$54,000

Objective: This proposal investigates breast cancer screening behaviors and timing of follow-up after abnormal results for Black sexual minority women. By using a mixed-methods approach to understand barriers and facilitators to screening and follow-up care after an abnormal screening result, the findings will inform interventions to reduce disparities in breast cancer among Black sexual minority women.

Role: Co-Principal Investigator, 5% Effort (no salary support after Sept 2018, transferred institutions)

Title: A Mixed-Methods Approach to Monitoring and Evaluation of ACCELERATE!

Dates: August 2016 – August 2018

Sponsoring Agency: Viiv Healthcare

Principal Investigators: Tonia Poteat, PhD, MPH, PA-C and Chris Beyrer, MD, MPH

Funding level: \$849,000

Objective: This project conducts process and outcome evaluations for the ACCELERATE intervention designed to reduce HIV vulnerability among Black MSM in Baltimore and Jackson.

Role: Principal Investigator, 20%

Title: North American Transgender AIDS Cohort Collaboration

Dates: September 2017 – August 2018

Sponsoring Agency: Johns Hopkins Institute for Clinical and Translational Research (KL2TR001077-05)

Principal Investigator: Tonia Poteat, PhD

Funding level: \$213,000

Objective: This research project aims to gather data on HIV care and cardiovascular co-morbidities among transgender women toward the goal of translating this knowledge into specific guidelines and policies that will improve viral suppression and reduce disease burden.

Role: Principal Investigator, 75% Effort

Title: Transgender Behavioral Surveillance Study

Dates: January 2017 – June 2018

Sponsoring Agency: Maryland Department of Health

Principal Investigator: Danielle German, PhD

Funding level: \$567,037

Objective: This project seeks to understand the health of transgender adults in Baltimore city.

Role: Co-Investigator, 10% Effort

Title: National HIV Behavioral Surveillance among Transgender Women

Dates: December 2016 – August 2017

Sponsoring Agency: Centers for Disease Control and Prevention

Principal Investigators: Cyprian Wejnert

Objective: This project will conduct HIV behavioral surveillance among transgender women in 10 metropolitan statistical areas in the United States.

Role: Consultant, 10% effort

Title: Feasibility of Reaching Trans-Attracted Men

Dates: September 2016 – August 2017

Sponsoring Agency: National Institute of Mental Health (R25MH067127-14)

Principal Investigators: Tonia Poteat, PhD, MPH, PA-C

Funding level: \$20,000

Objective: The project explores the feasibility of recruiting and engaging men who have sex with transgender women in HIV research and intervention programs in Atlanta and Baltimore.

Role: Principal Investigator, 1% effort

Title: Finding the right tenofovir regimen for PrEP in transgender women

Dates: June 2015 – April 2017

Sponsoring Agency: Johns Hopkins Center for AIDS Research (CFAR), Faculty Innovation Grant (P30-AI094189)

Principal Investigator: Craig Hendrix, MD

Funding level: \$60,000

Objective: This study uses peripheral blood mononuclear cells and colon biopsy samples to examine the pharmacokinetics of oral tenofovir in transgender women on hormone therapy.

Role: Co-Principal Investigator, 1% effort

Title: Reducing HIV Vulnerability among Adolescent and Adult Transgender Women of Color

Dates: January 2015 – April 2017

Sponsoring Agency: Johns Hopkins Center for AIDS Research (CFAR), Faculty Development Grant (P30-AI094189)

Principal Investigator/Project Director: Richard Chaisson, MD/Tonia Poteat, PhD, MPH, PA-C

Funding level: \$90,000

Objective: This study uses a multi-phase mixed methods approach to assess HIV prevalence and risk factors among transgender women of color in Baltimore and Washington, DC.

Role: Principle Investigator, 20% effort

Title: The HIV Risk Environment of High-Risk Women: Interaction with Public Safety

Dates: June 2016 – November 2016

Sponsoring Agency: National Institute on Drug Abuse (R01DA038499-02S1)

Principal Investigators: Susan Sherman, PhD, MPH

Funding level: \$690,901

Objective: This longitudinal study examines the role of police in the HIV risk environment of transgender and non-transgender female sex workers in Baltimore.

Role: Co-Investigator, 15% effort

Title: Sexual Risk among Transgender Women compared with Cisgender Women and MSM Living with HIV in Thailand and Brazil

Dates: June 2015 – November 2016

Sponsoring Agency: FHI 360, HIV Prevention Trials Network Scholar Program

Principal Investigator: Tonia Poteat, PhD, MPH, PA-C

Funding level: \$95,000

Objective: This project examined factors associated with HIV risk among transgender women compared with MSM and non-transgender women living with HIV in HPTN 063.

Role: Principle Investigator, 25% effort

Title: Meeting the Needs of Baltimore Transgender Residents: Community Needs Assessment

Dates: January 2015 – September 2016

Sponsoring Agency: Johns Hopkins Urban Health Institute

Principal Investigator: Tonia Poteat, PhD, MPH, PA-C

Funding level: \$10,000

Objective: This academic-community partnership project conducted a size estimation and online quantitative community needs assessment of the transgender residents in Baltimore.

Role: Principle Investigator, 1% effort

Title: Outcome Evaluation of Global Gender and Sexual Diversity Training

Dates: September 2014 – March 2016

Sponsoring Agency: Health Policy Project, Palladium Group (formerly Futures Group)

Principal Investigator: Tonia Poteat, PhD, MPH, PA-C

Funding level: \$13,000

Objective: This project used quantitative and qualitative methods to evaluate changes in knowledge, attitude, and practice of staff in 37 countries after completion of a Gender and Sexual Diversity Training initiated by the President's Emergency Plan for AIDS Relief (PEPFAR).

Role: Consultant

Title: Black Lesbians and Aging: Understanding Health Care Needs

Dates: May 2014 – April 2015

Sponsoring Agency: Georgia State University Center of Excellence for Health Disparities

Principal Investigators: Mary Anne Adams, MSW and Tonia Poteat, PhD, MPH, PA-C

Funding level: \$5,000

Objective: This project used qualitative methods to explore the health care needs of Black lesbians in metropolitan Atlanta aged 40 years and older.

Role: Co-Principal Investigator, 1%

Title: The Global Epidemics of HIV among Sex Workers

Dates: May 2011 – April 2012

Sponsoring Agency: World Bank

Principal Investigator: Deanna Kerrigan, PhD, MPH

Funding level: \$10,000

Objective: The project used multiple methods, including systematic reviews, meta-analysis, and costing analyses to describe the current state of evidence on HIV among sex workers.

Role: Consultant – conducted systematic review

Title: Gender and Health: Understanding Access and Risk

Dates: January 2011 – April 2012

Sponsoring Agencies: Johns Hopkins Center for Public Health and Human Rights

Principal Investigator: Danielle German, PhD, MPH

Funding level: \$5,000

Objective: The project used qualitative and quantitative methods to examine the role of stigma and discrimination in health care access and HIV risk among transgender adults.

Role: Student Investigator/Dissertation Research

Title: Gender and Health: Understanding Access and Risk

Dates: January 2010 – March 2011

Sponsoring Agency: Johns Hopkins Center for Health Disparities Solutions

Principal Investigator: Danielle German, PhD, MPH

Funding level: \$5,000

Objective: The project used qualitative and quantitative methods to examine the role of stigma and discrimination in health care access and HIV risk among transgender adults.

Role: Student Investigator/Dissertation Research

Title: The impact of human rights violations on the health care seeking behavior of MSM in Senegal: A qualitative assessment

Dates: April 2009 – August 2009

Sponsoring Agency: Frameworks Program, Johns Hopkins Center for Global Health

Funding level: \$10,000

Principal Investigators: Chris Beyrer, MD, MPH and Stefan Baral, MD, MPH

Objective: The project was designed to do a rapid qualitative assessment of the impact of criminalization of same sex practices on HIV risk behavior and care seeking behavior among men who have sex with men in Senegal.

Role: Student Investigator/Project Coordinator

PROFESSIONAL SERVICE

Society Membership and Leadership

- North Carolina Academy of Physician Assistants, 2019 – present
- World Professional Association for Transgender Health, 2012 – present
- GLMA: Health Professionals Advancing LGBTQ Equality, 2010 – present
 - Vice President for Education, Board of Directors, 2016 – 2018
 - Education Co-Chair, Board of Directors, 2015 – 2016
- American Public Health Association, 2006 – present
- International AIDS Society, 2004 – present
- American Academy of HIV Medicine, 2001 – present
- American Academy of Physician Assistants, 1995 – present

Participation on Advisory Panels and Working Groups

Research

- National Institutes of Health (NIH) HIV and Intersectional Stigma Workgroup, 2020 – present
- Advisory Committee, Sexual and Gender Minority Cancer: Curricular Advances for Research and Education (SGM Cancer CARE), 2020 – present
- Scientific Advisory Council, 2021 United States Transgender Survey, 2020 – present
- North Carolina HIV Prevention Collaborative Scientific Working Group, University of North Carolina Center for AIDS Research, 2018 – present
- Scientific Advisory Board, “Trying to Understand Relationships, Networks, and Neighborhoods among Transwomen of color” (TURNNT) Study, 2018 – present
- Scientific Advisory Board, “Transgender cohort study of gender affirmation and HIV-related health,” 2018 – present

- PRIDEnet Advisory Committee, The PRIDE Study, the first online longitudinal health study of lesbian, gay, bisexual, transgender, and queer (LGBTQ) people, 2016 - present
- Scientific Advisory Board, TransPop, the first national population-based study of transgender health, 2015 – present
- NIH Sexual and Gender Minority Research Working Group, 2016 – 2020
- Scientific Advisory Committee, National Health, Aging, and Sexuality Study: Caring and Aging with Pride over Time, 2015 – 2019
- Co-Chair, Research Track, National Transgender Health Summit, 2017
- Stakeholder Advisory Board, Johns Hopkins EQUALITY study, a research trial to determine best methods for collecting sexual orientation and gender identity data in medical settings, 2014 – 2017
- Women’s Research Initiative on HIV/AIDS, a national think tank to further the research agenda on women living with and at risk for HIV, 2003 – present (Executive Committee, 2011-2015)

Practice

- United States Department of Health and Human Services, Panel on Antiretroviral Guidelines for Adults and Adolescents, 2018 – present
- National LGBT Health Education Center, Fenway Health, 2018 – present
- Southern Black HIV/AIDS Policy Network Advisory Council, Inaugural Member, 2019
- Center of Excellence for Transgender Health, Medical Advisory Board, 2015 – 2016
- National Resource Center, AIDS Education Training Center, Advisory Board, 2006 – 2016
- Atlanta Harm Reduction Coalition, Board Member, 2007 – 2008
- Physician Assistant AIDS Network, Member, 2004 – 2007
- Atlanta AIDS Survival Project, Board Member 1994 – 1995

Program or Project Development

Global

- Partnered with the United Nations Population Fund (UNFPA) and the International Reference Group on Transgender Women and HIV/AIDS (IRGT) to lead technical experts in the development of the international implementation tool for HIV programs for transgender people (TRANSIT), 2014 – 2016
- Participated with global leaders in HIV in the development of practical implementation tools for comprehensive HIV programming for sex workers (SWIT) and for men who have sex with men (MSMIT), 2012 – 2014

National

- Program planning committee and session co-chair for the annual American Conference on Treatment of HIV, 2009 – present
- Professional Advisory Council for the Sexual and Gender Minority Health Equity Initiative at Harvard Medical School, 2020 – 2021
- National Academies of Science, Consensus Panel on the Well-Being of Sexual and Gender Minorities, 2019 – 2020
- Planning committee member for the State of Transgender Health symposium at the University of North Carolina School of Medicine, 2018 & 2019
- Reducing HIV Transmission Track Chair, National HIV Prevention Conference, 2018-2019

- National Academies of Science, Committee on Population Planning Project on Lesbian, Gay, Bisexual, and Transgender Populations, 2017 - 2018
- National Institutes of Health, Division of AIDS, Curriculum Development Committee for intramural training on research with transgender populations, 2017 – 2018
- Planning committee member for the 2018 Transgender Health Research symposium at Johns Hopkins Medical Institutes, 2017 – 2018
- Education Committee, GLMA Annual Conference on LGBT Health, 2012 - 2018
- Expert Consultant, National HIV/AIDS Strategy Indicator Development Work Group, Technical Consultation to measure HIV among transgender populations, June 17, 2016
- Expert Consultant, Centers for Disease Control and Prevention *Act Against AIDS* Initiative for Transgender Women, Education Outreach Work Group, 2016
- Working Group Member, National HIV Curriculum Project, National Resource Coordinating Center, AIDS Education and Training Centers, 2015 – 2016
- Founding Member and Co-Chair of Guiding Principles Committee of the National LGBTQ Scholars of Color Network (supported by the Annie E. Casey Foundation), 2014-2015
Local
- Planning committee member for the 2015 Women and HIV symposium at Johns Hopkins Medical Institutes, 2014 – 2015
- Best Practices Working Group leader, Transgender Response Team, Maryland Department of Health and Mental Hygiene, 2011 – 2012

EDITORIAL ACTIVITIES

Editorial Board Membership

- Editorial Board, *Journal of the International AIDS Society*, 2019 – present
- Senior Advisory Board, Harrington Park Press, 2017 – present
- Editorial Board, *LGBT Health*, 2012 – present
 - Associate Editor, *LGBT Health*, 2017 – present
- Guest Editor, *Journal of the International AIDS Society*, special issue on Transgender Health and HIV, 2015 – 2016
- Medical Editor, *The Well Project*, online information on women and HIV, 2008 – 2013
- Editorial Advisory Board, *HIV Specialist*, 2008 – 2011

Peer Review Activities

Conference Abstracts

- National Transgender Health Summit biannual conferences, 2015 – present
- International AIDS Society annual conferences, 2015 – present

Provost’s Prize for Excellence in Diversity Award Committee, 2017 and 2018

RESEARCH STATEMENT

My work lies at the intersection of public health, human rights, and social justice with a specific focus on sexual and gender minority health as well as HIV prevention and treatment. My goal is to participate in research, teaching, and practice that is responsive and accountable to marginalized communities. Toward that goal, I use my experience as a physician assistant with twenty-four years in clinical practice,

a global public health practitioner with international HIV policy experience, and a social scientist with robust skills in theory-informed, mixed-methods, health equity research. In 2014, I joined the faculty at the Johns Hopkins Bloomberg School of Public Health as Assistant Professor of Epidemiology in the Center for Public Health and Human Rights. I transitioned to a faculty position in the Department of Social Medicine at the University of North Carolina at Chapel Hill in 2018. Since entering the tenure track, I have developed a strong research and teaching portfolio that has contributed to local, national, and global approaches to sexual and gender diversity and health. Below I outline these contributions in the categories of research and teaching.

My research is driven by the need to understand social inequalities that lead to health disparities and identify ways to build a more just and healthy society. Utilizing interdisciplinary approaches that bring together qualitative and quantitative methods, I have examined social and institutional factors that impede the right to the enjoyment of the highest attainable standard of physical and mental health for sexual and gender minorities as well as people living with and vulnerable to HIV. My current research efforts fall into two broad areas of focus.

Transgender Health: Transgender people around the world experience stigma, discrimination, and social exclusion that negatively impact their health. Most of my research has addressed transgender health disparities with a focus on HIV. The heavy and disproportionate burden of HIV among transgender women worldwide was first documented in a systematic review that I co-authored with colleagues at Johns Hopkins while I was a doctoral student. Since the study's publication in 2013, it has been cited more than 850 times (Baral et al., *The Lancet Infectious Disease*, 2013). In my dissertation research funded by the Johns Hopkins Center for Health Disparities Solutions, I used qualitative grounded theory methods to assess the role of stigma in lack of healthcare utilization by transgender adults. I developed a conceptual framework for how stigma functions during encounters between health care providers and transgender patients, and used it to frame recommendations to improve health care access for transgender people (Poteat et al., *Social Science and Medicine*, 2013). I subsequently led a comprehensive review of HIV risk and prevention interventions among transgender women sex workers that was published in *The Lancet* in 2014 as part of a special series on sex work.

My recent work includes a mixed-methods analysis of the gaps left in HIV epidemiologic data for transgender women when they are conflated with men who have sex with men (Poteat T et al., *Global Public Health*, 2016); a comprehensive review of the literature on transgender health (Reisner, Poteat, et al., *The Lancet*, 2016); and study of gaps in the HIV pre-exposure prophylaxis continuum for transgender women of color (Poteat et al., *Journal of Acquired Immune Deficiency Syndromes*, 2019). My commitment to research on transgender health and HIV led to an invitation to provide the first plenary lecture on HIV in transgender populations for the 2016 *Conference on Retroviruses and Opportunistic Infections*, the premiere scientific meeting on HIV. I presented findings from my community-based study of HIV risk and care engagement among transgender women in Baltimore/DC at the 2017 *International AIDS Society Conference* as well as results from my multi-country study of HIV risk and prevalence among transgender women in sub-Saharan Africa. In addition to HIV, I continue to address topics identified as important by the transgender community. Select projects include a qualitative assessment of chest masculinization desires and outcomes among transgender men, a transgender community-based needs assessment in partnership with the Maryland Department of Health, and a qualitative study of relationship dynamics and risk among transgender women and their male romantic partners. In keeping with ongoing efforts to reduce anti-transgender stigma and its health sequelae, I am currently Principal Investigator on an R01 grant from the National Institutes of

Minority Health and Health Disparities to examine stigma-induced chronic stress pathways that may lead to poor mental health and early cardiovascular disease among transgender women living with HIV. Since joining the faculty at University of North Carolina Chapel Hill, I have paid particular attention to the health needs of transgender people in the South. A key element of this work is my current research project assessing the HIV prevention and care priorities of transgender people of color in North Carolina and South Carolina. I am excited to continue my efforts to conduct community-engaged research that addresses pressing health inequities in vulnerable populations.

Sexual Minority Health: Despite recent advances in marriage equality in select countries, sexual minorities around the world continue to experience stigma, discrimination, and health disparities. As a doctoral student, I conducted a qualitative rapid assessment, funded by the United Nations Development Program (UNDP), that highlighted the negative impact of anti-homosexuality legislation on HIV among men who have sex with men in Senegal (Poteat et al., *PLoS One*, 2011). My mixed methods analysis of bio-behavioral data from Lesotho has filled gaps in knowledge about stigma and the sexual health of lesbian and bisexual women (Poteat et al., *Culture Health and Sexuality*, 2014 and Poteat et al., *Reproductive Health Matters*, 2015). These studies in Senegal and Lesotho constitute some of the earliest data on the health of sexual minorities in sub-Saharan Africa and demonstrate my commitment to pioneering research on “invisible” sexual minority populations to bring to light critical disparities.

Conducting research that not only documents social stigma and its health impact but also explores interventions is critical to making change. Toward that end, I led a longitudinal evaluation of gender and sexual diversity trainings for HIV program staff in 38 countries, funded by the United States Agency for International Development (USAID). The results provide some of the first evidence that a one-day training can improve attitudes towards sexual and gender minorities around the world and that these changes can be sustained for after the training ends (Poteat et al., *PLoS One*, 2017). My commitment to addressing health disparities among sexual minorities is not limited to HIV nor global communities. From 2014-15, I partnered with a community-based organization in Atlanta, ZAMI NOBLA, to conduct qualitative research on the health care needs of aging Black lesbians (Seelman et al., *Journal of Women and Aging*, 2017). Building on that successful partnership and looking toward addressing life-threatening disparities, we published a systematic review in the *Journal of Women's Health* to highlight the absence of breast cancer research informed by the intersectional experiences of Black sexual minority women. To fill that gap, we are currently analyzing data from our recently completed mixed-methods study of barriers and facilitators for engagement in cancer care for Black sexual minority women. As my career progresses, I look forward to continuing to use the tools of theory-informed public health research to shed light on fundamental social causes of health inequities and promote effective, evidence-informed solutions.

TEACHING STATEMENT

I teach courses that address the social determinants of health focused on health disparities faced by sexual and gender minorities. The content raises sensitive and sometimes controversial topics about which students often have strong feelings. To facilitate learning, I set clear classroom ground rules that establish a basis for respectful communication while leaving room for disagreement and growth. I guide students to interrogate their assumptions and to use the scientific literature and their lived experiences as scaffolds upon which to build new knowledge. I believe teaching is about facilitating growth and intellectual development for everyone in the class. This requires allowing room for

mistakes (e.g. by offering ungraded as well as graded assignments) and providing opportunities for critical thinking (e.g. through interactive exercises and assignments). My goal as an educator is to establish a learning environment that provides enough psychological safety for students to take intellectual (and often emotional) risks, yet hold students to high enough standards that they understand the importance of making evidence-based arguments. I have been rewarded for this work with the 2017 Golden Apple Award, the highest teaching honor offered by the Johns Hopkins Bloomberg School of Public Health. I continue to hold myself accountable to this high teaching standard at the University of North Carolina at Chapel Hill by engaging in teaching that facilitates growth and independent thinking for students. My core teaching responsibilities in the School of Medicine include teaching a seminar in the Social and Health Systems (SHS) 3 course for third semester medical students as part of the Foundation Phase. The goal of the seminar is to strengthen students' foundation for providing knowledgeable, culturally aware care for sexual and gender minority patients. Through course readings, multimedia content, small-group exercises, case studies, and reflection papers, students explore the historical, epidemiological, and social perspectives related to sexual and gender minority health. I look forward to continuing to teach in ways that expand the capacity of future physicians to care for society's most vulnerable people.
