

STEPHANIE L. MARTIN
Department of Nutrition
Gillings School of Global Public Health
University of North Carolina at Chapel Hill
2003 Michael Hooker Research Center, CB#7461
Chapel Hill, NC 27599-7461
(919) 843-2719 | stephaniemartin@unc.edu

EDUCATION

- 2016 **PhD**, Nutrition
Cornell University, Ithaca, NY
- 2003 **MEd**, Adult Education
George Mason University, Fairfax, VA
- 1997 **BA**, International Studies
American University, Washington, DC

PROFESSIONAL EXPERIENCE

- 2018-present **Faculty Fellow**, Carolina Population Center, University of North Carolina at Chapel Hill, Chapel Hill, NC
- 2017-present **Assistant Professor**, Department of Nutrition, Gillings School of Global Public Health, University of North Carolina at Chapel Hill, Chapel Hill, NC
- 2016-2017 **Global and Public Health Lecturer and Research Associate**, Division of Nutritional Sciences, Cornell University, Ithaca, NY
- 2012 **Nutrition and Behavior Change Program Officer**, PATH, Washington, DC
- 2008-2012 **Behavior Change Specialist**, Infant & Young Child Nutrition Project, PATH, Washington, DC
- 2007-2008 **Maternal and Child Health and Nutrition Program Officer**, PATH, Washington, DC
- 2004-2007 **Materials and Curricula Development Specialist**, PATH, Nairobi, Kenya
- 2001-2003 **Senior Program Associate**, LINKAGES Project (USAID's flagship infant and young child nutrition project), Academy for Educational Development (AED), Washington, DC
- 2000-2001 **Program Associate**, LINKAGES Project, AED, Washington, DC
- 1999-2000 **Senior Program Assistant**, LINKAGES Project, AED, Washington, DC

HONORS

- 2020 Teaching Excellence and Innovation Award, Department of Nutrition, Gillings School of Global Public Health University of North Carolina Chapel Hill
- 2018 International Society for Research in Human Milk and Lactation, Trainee Bridge Fund Awardee
- 2017 Dannon Institute, Nutrition Leadership Institute, Warrenton, VA

MEMBERSHIPS

- 2013-present American Society for Nutrition
- 2017-present International Society for Research in Human Milk and Lactation
- 2017-present Society for Implementation Science in Nutrition

BIBLIOGRAPHY

Peer-reviewed publications *Denotes student or mentee

1. **Martin SL**, McCann JK, Gascoigne E*, Allotey D*, Fundira D, Dickin KL. Engaging family members in maternal, infant and young child nutrition activities in low- and middle-income countries: A systematic scoping review. *Maternal & Child Nutrition*. 1-26. (In press).
2. Thuita F, Mukuria AG, Muhomah T, Locklear K*, Grounds SC*, **Martin SL**. Fathers and grandmothers experiences participating in peer dialogue groups for improved maternal and child nutrition. *Maternal & Child Nutrition*. 1-12. (In press).
3. **Martin SL**, Matare CR, Kayanda RA, Owoputi I, Kazoba A, Bezner Kerr R, Nnally LP, Khan M*, Locklear K*, Dearden KA, Dickin KL. Engaging fathers to improve complementary feeding is acceptable and feasible in the Lake Zone, Tanzania. *Maternal & Child Nutrition*. 1-14. (In press).
4. Aubel J, **Martin SL**, Cunningham K. A family systems approach to promote maternal, child and adolescent nutrition. *Maternal & Child Nutrition*. 1-14. (In press).
5. **Martin SL**, McCann JK, Gascoigne E*, Allotey D*, Fundira D, Dickin KL. Mixed-methods systematic review of behavioral interventions in low- and middle-income countries to increase family support for maternal, infant, and young child nutrition during the first 1,000 days. *Current Developments in Nutrition*. 2020; 4(6): 1-27. PMID: 32607463; PMCID: PMC7311193
6. Chapleau GM, Birhanu Z, Ortolano SE, Kebede Y, **Martin SL**, Dickin KL. Integrating calcium into antenatal iron-folic acid supplementation in Ethiopia: Women's experiences, perceptions of acceptability and strategies to support calcium supplement adherence. *Global Health Science and Practice*. 2020; 8(3): 413-430. PMID 33008855; PMICD PMC7541115
7. Matare CR, Craig HC, **Martin SL**, Kayanda RA, Chapleau GM, Bezner Kerr R, Dearden KA, Nnally LP, Dickin KL. Barriers and opportunities for improved exclusive breastfeeding practices in Tanzania: Household trials with mothers and fathers. *Food and Nutrition Bulletin*. 2019; 40(3): 308-325. PMID: 31067996

8. Boateng GO, **Martin SL**, Tuthill EL, Collins SM, Natamba BK, Dennis CL, Young SL. Adaptation and psychometric evaluation of the breastfeeding self-efficacy scale to assess exclusive breastfeeding. *BMC Pregnancy and Childbirth*. 2019. 19(73): 1-14. PMID: 30777020; PMCID: PMC6380059
9. **Martin SL**, Wawire V, Ombunda H, Li T*, Sklar K*, Tzehaie H*, Wong A*, Pelto GH, Omotayo MO, Chappelle GM, Stoltzfus RJ, Dickin KL. Integrating calcium supplementation into facility-based antenatal care services in western Kenya: A qualitative process evaluation to identify implementation barriers and facilitators. *Current Developments in Nutrition*. 2018; 2(11): 1-10. PMID: 30402593; PMCID: 6215767
10. Boateng GO, **Martin SL**, Collins SM, Natamba BK, Young SL. Measuring exclusive breastfeeding social support: Scale development and validation in Uganda. *Maternal & Child Nutrition*. 2018; 14(3): 1-12. PMID: 29356347; PMCID: 6025842
11. Fuseini NM, Halwiindi H, Winston J, Stoner CDM, **Martin SL**, Kusanthan T, Banda R, Rathod S, Stringer JSA, Chi BH. Predictors and outcomes associated with household hunger in Lusaka, Zambia: secondary analysis of a citywide survey. *Medical Journal of Zambia*. 2018; 45(3): 123-32.
12. Chasekwa B, Maluccio JA, Ntozini R, Moulton LH, Wu F, Smith LE, Matare CR, Stoltzfus RJ, Mbuya MNN, Tielsch JM, **Martin SL**, Jones AD, Humphrey J, Fielding K, and the SHINE trial team. Measuring wealth in rural communities: Lessons from the Sanitation, Hygiene, Infant Nutrition Efficacy (SHINE) Trial. *PLOS ONE*. 2018; 13(6): 1-19. PMID: 29953495
13. Miller JD, Collins SM, Omotayo MO, **Martin SL**, Dickin KL, Young SL. Geophagic earth consumed by women in western Kenya contains dangerous levels of iron and heavy metals. *American Journal of Human Biology*. 2018; e23130: 1-8. doi.org/10.1002/ajhb.23130
14. Omotayo MO, Dickin KL, Pelletier DL, **Martin SL**, Kung'u JK, Stoltzfus RJ. Feasibility of integrating calcium and iron-folate supplementation to prevent preeclampsia and anemia in pregnancy in primary healthcare facilities in Kenya. *Maternal & Child Nutrition*. 2018; 14(S1):1-10. PMID: 29493897
15. Birhanu Z, Chappelle GM, Ortolano SE, Bogale GM, **Martin SL**, Dickin KL. Ethiopian women's perspectives on antenatal care and iron-folic acid supplementation: Insights for translating global antenatal calcium guidelines into practice. *Maternal & Child Nutrition*. 2018; 14(S1):1-10. PMID: 29493899
16. **Martin SL**, Omotayo MO, Pelto GH, Chappelle GM, Stoltzfus RJ, Dickin KL. Adherence-specific social support enhances adherence to calcium supplement regimens among pregnant women. *Journal of Nutrition*. 2017;147:688-696. PMID: 28250195
17. **Martin SL**, Birhanu Z, Omotayo MO, Kebede Y, Pelto GH, Stoltzfus RJ, Dickin KL. "I can't answer what you're asking me. Let me go, please." Cognitive interviewing to assess social support measures in Ethiopia and Kenya. *Field Methods*. 2017; 29(4) 317-332. DOI: 10.1177/1525822X17703393
18. Omotayo MO, **Martin SL**, Stoltzfus RJ, Ortolano SE, Mwanga EO, Dickin KL. With adaptation, the WHO guidelines on calcium supplementation for prevention of preeclampsia are adopted by pregnant women. *Maternal & Child Nutrition*. 2017. PMID: 29193667
19. **Martin SL**, Omotayo MO, Chappelle GM, Stoltzfus RJ, Birhanu Z, Ortolano SE, Pelto GH, Dickin KL. Adherence partners are an acceptable behavior change strategy to support calcium and iron-folic

acid supplementation among pregnant women in Ethiopia and Kenya. *Maternal & Child Nutrition*. 2016; 13(3): 1-13. PMID: 27507135

20. **Martin SL**, Seim GL, Wawire S, Chapleau GM, Young SL, Dickin KL. Translating formative research findings into a behavior change strategy to promote antenatal calcium and iron and folic acid supplementation in western Kenya. *Maternal & Child Nutrition*. 2017; 13(1): 1-14. PMID: 26898417
21. Mukuria AG, **Martin SL**, Egondi T, Bingham A, Thuita FM. Role of social support in improving infant feeding practices in western Kenya: A quasi-experimental study. *Global Health: Science & Practice*. 2016; 4, 55-72. PMID: 27016544; PMCID: PMC4807749
22. Pelto GH, **Martin SL**, Van Liere M, Fabrizio C. Perspectives and reflections on the practice of behavior change communication for infant and young child feeding. *Maternal & Child Nutrition*. 2016; 12(2): 245-61 PMID: 26194743
23. Pelto GH, **Martin SL**, Van Liere M, Fabrizio C. The scope and practice of behavior change communication to improve infant and young child feeding in low and middle income countries: Results of a practitioner study in international development organizations. *Maternal & Child Nutrition*. 2016; 12(2): 229-44. PMID: 25753402

Student Mentoring and Advising

Doctoral Committees

Chair

Emily Seiger, Department of Nutrition, expected May 2023

Diana Allotey, Department of Nutrition, expected May 2022, “Factors which influence the impact of Infant and Young Child Feeding Social and Behavior Change Communication programs in Low- and Middle-Income Countries: Case Study of Lagos and Kaduna States, Nigeria”

Dissertation committee member

Esther Chung, Department of Epidemiology, expected May 2023

Julie Haskin, Department of Nutrition, expected May 2021, “Maternal weight and diet as protective factors against the adverse effects of prenatal alcohol exposure”

Charlotte Lane, completed December 2019, “Growth in HIV-Exposed and -Uninfected Infants in Malawi and Rwanda”

Master’s in Public Health Student Papers

Primary advisor

Christine Byrne, expected 2021, “A Health at Every Size and intuitive eating-focused nutrition communication and counseling business”

Tatiana Carter, expected 2021, “Business plan for private practice centered around pre and postnatal nutrition, infant feeding, and family nutrition”

Leann Kerr, expected 2021, “Barriers to implementing responsive feeding practices in early child care settings: A review of the literature focusing on the experiences and perspectives of child care providers”

Natalie Ostrowski, expected 2021, “Prenatal nutrition care in the United States: An overview and analysis of current weaknesses and opportunities for improvement”

Reader

Courtney George, completed 2020, “The synergy of social, biomedical, and environmental factors linking the HIV and obesity epidemics in South African women”
