

**Carolina Population Center
Summer 2022 Undergraduate Research Program**

Project Name

[CIRCLE Lab](#)

Faculty Mentor

Dr. Margaret Sheridan, Psychology & Neuroscience

Project Description

We are searching for interns to assist with data entry and management in the CIRCLE Lab. Our projects focus on early life experiences and how they shape development.

Scope of Work for Internship

The intern would work with post-baccalaureate research assistants to input data from our research visits. The interns may also help our graduate student run a study on cross-cultural early life experiences.

Expected Deliverables

None listed.

Preferred Skills

- Attention to detail
- Microsoft Excel

Time Commitment & Mode

Full time or part-time; in-person
