

CURRICULUM VITAE

JOANNA (“ASIA”) MASELKO, ScD

Department of Epidemiology
University of North Carolina
Chapel Hill NC 27599

Email: jmaselko@unc.edu
Website: jmaselko.com

EDUCATION

ScD Harvard School of Public Health, Social Epidemiology, 2004
SM Harvard School of Public Health, Health and Social Behavior, 2000
BS University of Alaska Anchorage, Biological Sciences, 1996

PROFESSIONAL EXPERIENCE

2017-current Carolina Population Center, Fellow
University of North Carolina, Chapel Hill

2016-current Associate Professor
Department of Epidemiology, Gillings School of Global Health, University
of North Carolina, Chapel Hill

2016-current Adjunct Associate Professor
Duke Global Health Institute, Duke University

2009-2016 Assistant Professor
Department of Psychiatry and Behavioral Sciences; Duke Global Health
Institute, Duke University

2014 Consultant
Human Development Research Foundation
Islamabad, Pakistan

2009 Associate Director of Research
Center for Spirituality, Theology and Health, Duke University

2006-2009 Assistant Professor
Department of Public Health, Temple University

2004-2006 NIMH Fellow in Psychiatric Epidemiology
Department of Epidemiology, Harvard School of Public Health

2002-2006 Consultant
John Snow Inc./Academy for Educational Development,

2000-2001 Empowerment of Women Research Program, Boston MA
Consultant
World Bank, Human Development Division for Europe and Central Asia
Washington DC

HONORS

Duke Global Health Institute, Global Mental Health Initiative pilot grant	2015
Duke Initiative on Education and Human Development pilot grant	2013
Duke Global Health Institute Travel Grant	2010
NIMH Early Investigator International Travel Award	2011
NIH National Center on Minority Health and Health Disparities Scholar	2005-2011
NIMH Fellowship in Psychiatric Epidemiology, Harvard School of Public Health	2004-2006
Doctoral Exam, high honors, Harvard School of Public Health	2002
Harvard University Tuition Award	1999-2003
Kosciuszko Foundation Scholarship	1999-2000

MEMBERSHIPS

Society for Epidemiological Research (SER)
International Epidemiological Association (IEA)
Population Association of America (PAA)
Interdisciplinary Association for Population Sciences (IAPHS)

BIBLIOGRAPHY

Chapters in books:

1. **Maselko J.** Cultural Influences on socioemotional neurodevelopment: Searching for clues to common mental disorders. In: Oxford University Press Handbook of Cultural Neuroscience. Cultural Neuroscience and Health Volumes I and II. Chiao JY., Shu-Chen L., Seligman R., Turner R. (Ed) 2015
2. Baker-Henningham, H., Fitzsimons, E., **Maselko, J.**, Vera-Hernandez, M. Nutrition, Health Care and Loving Home: Early Childhood Investments for the Development of Human Capital. In: TICAD Report on African Youth Employment: Challenges, Policies and Projects. 2013
3. **Maselko J.** The neurophysiology of religious experience. In: APA Handbook of Psychology, Religion and Spirituality. Pargament, K. I., Exline, J., Jones, J., Mahoney, A., & Shafranske, E. (Ed). 2012
4. Hausman A., **Maselko J.**, Brawer R. Social Capital and Public Health Practice. In: Social Capital. Gregory Tripp, Michael Payne and Dimitrus Diodorus (eds). Nova Publishers 2009

Peer reviewed articles:

(*denotes senior authorship, ^denotes 1st author for primary mentee):

TEACHING RECORD

Coursework at UNC:

Main Instructor:

2020/21/22-current *EPID 826: Social Determinants of Global Health, (core course for EQUITY MPH and Social Epi program area doctoral students)*
2018/19 *EPID 799: Social Determinants of Global Health*

Co-instructor

2018 *EPID 798: Social Epidemiology seminar*

Invited Lecturer

2020/21/22-current *EPID 790: on Regression Discontinuity designs*
2017/18 *EPID 827, on Challenges of Causal Inference in Study of Maternal Depression and Child Health*
2016/17 *EPID 710, on Quasi-Experimental Study Designs*
2017 *SPHG 600 Introduction to Public Health*
2016-yearly/current *HBEH 893 Global Mental Health*
2016 *EPID 826 on Social Determinants of Health and Policy*

Coursework at other universities

Duke University

2015-16 *Social Determinants of Global Health, undergraduate level*
2010-16 *Introduction to Epidemiology, Focus on Global Health, undergraduate level*
2011-12 *Global Mental Health, graduate level*
2011-12 *Social Determinants of Health Module in SOM Global Health Curriculum*

Temple University

2008-09 *Social Determinants of Health, graduate level*
2007-08 *Mental Health Epidemiology, graduate level*
2007 *Introduction to Epidemiology, graduate level*

École des Hautes Études en Santé Publique (EHESP) Paris, France

2019 *Guest lecturer, Perinatal Epidemiology, on Maternal Depression and Child Development*

Post-Doctoral Mentoring

2020-current *Post-doctoral fellow Allison Frost*
2018-2020 *CPC Post-doctoral fellow Ashley Hagaman*
2012-2016 *Post-doctoral fellow Duke University Nima Ganga*
2012 *MIPD Fellow Duke University Emilia Chiscop*

Undergraduate Mentoring

2020-2021 *Naira Ikram*
2018-2019 *Elissa Scherer*
2014-2015 *Sara Khan*

GRANTS

Current:

- 09/20/2022-09/19/2025 **Risk and resilience: Evaluating the multigenerational effect of a psychosocial maternal depression intervention against COVID-19 related stressors**
MPI: Maselko and Baranov
R01: RF1MH132367, NIMH
Role: Multiple Principal Investigator
This project builds on the Bachpan cohort in Pakistan to gain insights into the multi-generational mental health impacts of COVID-19 stressors and identify risk and protective factors, including a psychosocial depression intervention.
- 05/01/2020-04/30/2025 **Early life adversities and the emergence of risk and resilience: a longitudinal study of child development (Bachpan birth cohort)**
PI: Maselko
R01-2 HD075875, NICHD
Role: Principal Investigator
The major goals of this project are to examine the impact of multiple psychosocial exposures on child outcomes through age 8. The Bachpan study is a collaboration with the SHARE perinatal depression intervention in Pakistan and enrolls mother-child dyads who participate in the clustered randomized trial together with a cohort of women who are not depressed prenatally.
- 09/01/2021-08/31/2026 **Longitudinal study of health outcomes and mitigating factors in the aftermath of the COVID pandemic (SEHAT)**
MPI: Mohanan and Maselko
R01 HD107420, NICHD
Role: Multiple Principal Investigator
The overall goal of this project is to examine trajectories of child/adolescent mental health and primary healthcare utilization including immunization, in the aftermath of the COVID-19 pandemic. Our project, located in India, will test key hypotheses about the pandemic's impact on health outcomes, vulnerability to future shocks, and sources of heterogeneity in these relationships.
- 09/01/2022-05/31/2023 **Grandmother caregiving, family dynamics, and child development in rural Pakistan: a mixed methods approach**
PI: Maselko
R01: RF1MH132367, NICHD
Role: Principal Investigator and Mentor
This administrative supplement grant supports the doctoral work of Esther Chung, whose project builds on the Bachpan cohort in Pakistan explore the role of grandmother involvement on child development.
- 10/01/2022-09/20/2027 **Women's Health Initiative Vision Impairment Project**
PI: Gower
Role: Co-investigator
R01: EY033907
This grant focuses on determinants and barriers to obtaining vision care among older women in the US.

04/15/2021 **Optimizing wearables for measurement of social interaction**
04/14/2023 PI: Maselko
UNC Carolina Population Center (CPC)
This pilot grant is to test feasibility of the wearable devices to capture heart rate variability, physical activity, and audio by older persons.

Pending:

12/1/2022 **Women's adversity exposure, HPA axis regulation, and internalizing**
11/30/2024 **symptoms: A longitudinal study of a depression intervention**
MPI: Maselko and Baranov
Total requested: \$415,881 (R21), 6th percentile
Submitted to NIMH
This grant examines the links between psychosocial risk factors, adversity and lung function in the Bachpan cohort.

Completed:

11/01/19- **Impact of treating perinatal depression on infant HPA axis function.**
10/31/21 PI: Maselko
R03HD097434, NICHD
Role: Principal Investigator
This study focuses on the relationship between maternal depression, other stressors, and maternal and offspring HPA axis function. Using data from the Bachpan cohort that includes hair samples from roughly 100 mother-child dyads, we will conduct a secondary analysis to assess (a) the impact of the perinatal depression intervention on maternal and offspring biomarkers of HPA axis function as well as (b) other determinants of HPA functioning.

04/22/16- **Multilevel mechanisms of HIV acquisition in young South African women.**
01/31/21 PI: Audrey Pettifor
R01 MH110186, NIMH
Role: Collaborator
This study aims to determine the effect and mechanisms of gender inequity, schooling and socio-economic status as factors that influence HIV acquisition in young women in South Africa. The project combines primary data collection with linking existing cohort data with datasets that contain community social environment data as well as population census data.

02/03/20- **Impact of maternal depression treatment on maternal health, parental**
01/30/23 **investment and child development.**
PI: Joanna Maselko
CEDIL Foundation
This study combines the evaluation of the extended version of the Thinking Healthy Program-Pre-School on child development and mother-child dyad HPA axis indicators, with an experiment that evaluates giving mothers feedback about their child performance on investment behaviors.

- 05/01/14-04/30/20 **Impact of Perinatal Depression Treatment on Child Developmental Outcomes. (aka: Bachpan Cohort Study)**
 PI: Joanna Maselko
 R01 HD075875, NICHD
 Role: Principal Investigator
 This study investigates the medium term impacts of a perinatal depression intervention on child socio-emotional outcomes. The Bachpan study is a collaboration with the SHARE perinatal depression intervention in Pakistan (U19MH095678) and enrolls mother-child dyads who participate in the clustered randomized trial together with a cohort of women who are not depressed prenatally. The study follows mothers starting in the 3rd trimester of pregnancy and until the child is 3 years old.
- 9/116-6/30/18 **Domestic Violence Attitudes and Culturally Appropriate Prevention in Pakistan.**
 PI: Lisa Bates
 NIH/Fogarty
 Role: Co-investigator
 The goal of this project is to examine attitudes and norms about intimate partner violence in Pakistan. The study will involve multiple stakeholders, women as well as men, to provide key information that will help develop effective culturally appropriate interventions.
- 05/01/16 **Epigenetic study of depression and its treatment (declined)**
 PI: Maselko
 Duke Population Research Institute (DuPRI)/DGHI
 Role: Principal Investigator
 The goals of this study are (a) to assess the feasibility of collecting and analyzing DNA samples from women participating in the SHARE CHILD study, (b) compare genome wide and gene specific methylation patterns between depressed and non-depressed women and (c) compare genotypes of 3 candidate genes between the depressed and non-depressed women.
- 10/01/15-04/30/16 **Innovations in tablet-based neuropsychological assessments for global mental health: Pilot applications for adolescent development & suicide prevention in South Asia.**
 MPI: Joanna Maselko/Brandon Kohrt
 Duke Global Health Institute, Global Mental Health Initiative
 Role: Co-Principal Investigator
 The goal of this project is to adapt and pilot culturally appropriate neuropsychological tools in tablet format for South Asian adolescents at risk of suicide.
- 02/01/14-05/01/16 **Technology-Assisted assessment, cascade training and supervision (TACTS) system pilot.**
 PI: Shamsa Zafar
 Grand Challenges Canada, Mental Health Seed Grant
 Role: Co-Investigator
 The goal of this project is to develop and pilot a technology assisted training program for front line community workers to deliver mental health interventions.

- 09/01/13-11/01/14 **Youth in Transition: Developmental Pathways to Risk and Resilience in South India.**
 PI: Maselko
 Duke Initiative on Education and Human Development Pilot Funds
 Role: Principal Investigator
- 07/01/12-10/31/14 **Perinatal Depression Treatment and Child Development: A follow-up of the Thinking Healthy Programme.**
 PI: Joanna Maselko/Siham Sikander
 SB0038, Grand Challenges Canada Saving Brains Program
 Role: Co-Principal Investigator
 This study is set in Pakistan and follows up children whose mothers participated in a successful community based perinatal depression intervention in 2006 to examine potential long term effects of the intervention on child developmental outcomes.
- 07/01/11-06/29/13 **Sri Lanka Healthy Minds Study.**
 PI: Maselko
 R21 MH0932978
 Role: Principal Investigator
 The goal of this study is to lay the foundation for the Sri Lanka Healthy Minds Study (SLHMS), a population based study where individual, caregiver, and other family level factors will be examined using a lifecourse perspective to better understand depression risk and its influence on cognitive impairment.
- 06/01/11-12/15/12 **Family Composition and Risk of Mental Health Problems in the Offspring.**
 PI: Maselko
 Duke Population Research Institute (DuPRI), NIA, Duke Global Health Institute.
 Role: Principal Investigator
 The goal of this study was to collect pilot data and conduct preliminary analysis on the association between a maternal social support measure and maternal mental health in Karnataka, India.
- 08/15/08-04/30/11 **Religious Engagement and Psychopathology Over the Life course.**
 PI: Maselko
 R03 MH080280
 Role: Principal Investigator
 The goal of this study was to analyze data from multiple NCPP studies in order to examine the relation between religiosity, risk factors for psychopathology and psychopathology risk.
- 05/01/08-01/15/09 **Stress, Violence and Spiritual Capital.**
 PI: Maselko
 John Templeton Foundation, 13794
 Role: Principal Investigator
 The goal of this study was to collect pilot data on levels of social capital, spiritual capital and risk factors for violence in a single neighborhood in Philadelphia.
- 2006 **Spirituality and Risk of Psychopathology.**
 PI: Maselko

Society for the Scientific Study of Religion, Jack Shand Award
 Role: Principal Investigator
 The goal of this study was to investigate the correlation between spiritual experiences and levels of psychological distress.

11/1/2004-
 10/30/2006 **Religious engagement and health**
 PI: Stephen L. Buka
 NIMH T32MH063106
 Role: Fellow
 The goal of this study was to analyze data from the National Collaborative Perinatal Project on the association between religious engagement and health.

SERVICE

Service to the Epidemiology Department

Lead, Social Epidemiology Program Area	2021-current
Member, Admissions Committee, MPH Health EQUITY Concentration	2022-current
Co-Lead, Health EQUITY Concentration MPH	2018-2022
