MANUSCRIPTS  
UNDER  
PREPARATION

1. **Templin T. Conditional Cash Transfers, Gender, and Unintended Obesity Changes: Evidence from the Progresa Experiment.**
2. **Templin T**, Baker L, Bohn R, Singer S. **Teamwork, Experience, and Medical Productivity: Evidence from Cardiac Resuscitations.**
3. **Templin T**, Bhattacharya J, Miller G. **Free Trade, Food Prices, and Obesity in Mexico.**
4. **Templin T. The Impact of World Trade Organization Entry on Adult and Child Cause-specific Mortality.**

PEER-REVIEWED  
PRESENTATIONS  
AND ABSTRACTS

1. Bhattacharya J, Miller G, **Templin T. Free Trade, Food Prices, and Obesity in Mexico.** Presentation at the American Society of Health Economists Annual Conference, Saint Louis, MO, June 2023.
2. **Templin T**, Baker L, Bohn R, Singer S. **Teamwork, Experience, and Medical Productivity: Evidence from Cardiac Resuscitations.** Presentation at the American Society of Health Economists Annual Conference, Saint Louis, MO, June 2023.
3. **Templin T**, Baker L, Bohn R, Singer S. **Teamwork, Experience, and Medical Productivity: Evidence from Cardiac Resuscitations.** Oral presentation at the AcademyHealth Annual Research Meeting, Washington, D.C., June 2022.
4. **Templin T. Understanding Causal Evidence to Improve Public Health.** Presentation at the Stanford Data Science Inaugural Conference, Stanford, CA, April 2022.
5. Bhattacharya J, Miller G, **Templin T. Free Trade, Food Prices, and Obesity in Mexico.** Oral presentation at the International Health Economics Association Annual Conference, Virtual, June 2021.
6. Bhattacharya J, Miller G, **Templin T. Free Trade, Food Prices, and Obesity in Mexico.** Oral presentation at the Population Association of America Applied Demography Conference, Washington, D.C., June 2021.

7. Bhattacharya J, Miller G, **Templin T**. **Free Trade, Food Prices, and Obesity in Mexico**. Presentation at the American Society of Health Economists Annual Conference, Virtual, June 2020.
8. **Templin T**, Hashiguchi TC, Thomson B, Dieleman J, Bendavid E. **The overweight and obesity transition from the wealthy to the poor in low-and middle-income countries: a survey of household data from 103 countries**. Presentation at the Stanford Global Health Research Convening, January 2017.
9. **Templin T**, Dieleman J. **Estimating national poverty rates and their effect on mortality: 129 countries, 1990–2013** Presentation at the Stanford Global Health Research Convening, January 2017.
10. **Templin T**, Hashiguchi TC, Thomson B. **The overweight and obesity transition from the wealthy to the poor in low-and middle-income countries: a survey of household data from 103 countries**. Presentation at the American Society of Health Economists, June 2016.
11. **Templin T**, Sadat N, Chapin A, Dieleman J. **Estimating future health spending by source in 184 countries, 2013–2040**. Oral Presentation at the Consortium of Universities for Global Health, June 2016.
12. **Templin T**, Sadat N, Chapin A, Dieleman J. **Estimating future health spending by source in 184 countries, 2013–2040**. Oral Presentation at the Western Regional International Health Conference, June 2016.
13. **Dieleman J**, **Templin T**. **Estimating national poverty rates and their effect on mortality: 129 countries, 1990–2013** Oral Presentation at the Consortium of Universities for Global Health, June 2015.

INVITED TALKS AND SEMINARS

1. **Templin T**. **Conditional Cash Transfers, Gender, and Unintended Obesity Changes: Evidence from the Progresa Experiment**. Presentation at Duke University, Triangle Health Economics Workshop, Durham, NC, September 2023.
2. **Templin T**. **Free Trade, Food Prices, and Obesity in Mexico**. Presentation at the Stanford Institute for Economic Policy Research Postdoctoral Scholar Seminar, Stanford, CA, January 2023.
3. **Templin T**. **Conditional Cash Transfers, Gender, and Unintended Obesity Changes: Evidence from the Progresa Experiment**. Presentation at the University of Pennsylvania Department of Medical Ethics and Health Policy Seminar, Philadelphia, PA, January 2023.
4. **Templin T**. **Conditional Cash Transfers, Gender, and Unintended Obesity Changes: Evidence from the Progresa Experiment**. Presentation at the University of North Carolina Chapel Hill Health Policy and Management Seminar, Chapel Hill, NC, November 2022.
5. **Templin T**. **Conditional Cash Transfers, Gender, and Unintended Obesity Changes: Evidence from the Progresa Experiment**. Presentation at Fred Hutchinson Cancer Research Center, Seattle, WA, October 2022.
6. **Templin T**. **Conditional Cash Transfers, Gender, and Unintended Obesity Changes: Evidence from the Progresa Experiment**. Presentation at the University of Washington, Seattle, WA, October 2022.
7. **Templin T**. **Understanding Causal Evidence to Improve Public Health**. Presentation at the NSF “Frameworks” Stanford Data Science Collaboratory Seminar, Stanford, CA, October 2021.
8. **Templin T**. **A Primer on Estimating Local Average Treatment Effects: Theory and Novel Methods for Data Science**. Presentation at the NSF “Frameworks” Stanford Data Science Collaboratory Seminar, Stanford, CA, October 2021.

9. **Templin T. Opportunities for Data Science in Economic Research.** Presentation at the NSF “Frameworks” Stanford Data Science Collaboratory Seminar, Stanford, CA, October 2020.
10. **Templin T. Measuring Development Assistance for Health by Health Focus Area.** Presentation at the Council on Foreign Relations. Washington, DC. February 2020.
11. Bollyky TJ, **Templin T. The relationships between democratic experience, adult health, and cause-specific mortality in 170 countries between 1980 and 2016: an observational analysis.** Konrad-Adenauer-Stiftung Meeting on the Social Determinants of Health. Berlin, Germany. November 2019.
12. **Templin T. Health Technology Assessment.** Presentation at Stanford Health Policy. Stanford, CA. April 2019.
13. Bhattacharya J, Miller G, **Templin T. Free Trade, Food Prices, and Obesity in Mexico.** Presentation at the Stanford Institute for Economic Policy Research Health Economics Seminar, Stanford, CA, April 2019.
14. **Templin T. A Primer on Gaussian Process Regression.** Presentation at the University of Washington, Institute for Health Metrics and Evaluation. Seattle, WA. June 2016.

POLICY REPORTS Institute for Health Metrics and Evaluation. *Financing Global Health 2015: Development assistance steady on the path to new Global Goals.* Seattle, WA: IHME, 2016.

Institute for Health Metrics and Evaluation. *Financing Global Health 2014: Shifts in funding as the MDGs close.* Seattle (WA): IHME, 2015.

Institute for Health Metrics and Evaluation. *Financing Global Health 2013: Transition in an age of austerity.* Seattle (WA): IHME, 2014.

TEACHING ACTIVITIES	<i>University of North Carolina, Chapel Hill Instructor for Health Economics (HPM 715)</i> <b>2023</b> Theoretical and empirical tools of economics to analyze health behavior and healthcare markets (60 students)
	<i>University of California, Berkeley Demography Workshop Instructor</i> <b>2023</b> Advanced research practicum with Demography Ph.D. students (7 students)
	<i>Stanford Health Policy Math Camp Lead Instructor</i> <b>2020 – 2022</b> A review of calculus, probability, and real analysis in preparation for Ph.D. quantitative coursework (5 students)
	<i>Stanford Inclusive Data Science Instructor</i> <b>2021</b> With Stanford Medicine’s Office of Diversity in Medical Education, developed introductory data science curriculum and mentorship program for community college students (15 students)
	<i>Stanford School of Medicine Teaching Assistant for Outcomes Analysis (HRP 252)</i> <b>2020</b> Methods of conducting empirical studies to ask both clinical and policy questions (40 students)
	<i>Stanford Health Policy Statistical Inference Recitation Leader</i> <b>2019</b> Probability and statistical inference instruction with first-year Ph.D. students (4 students)
MENTORING ACTIVITIES	<i>Stanford LGBTQ+ Graduate Community Leader</i> <b>2018 – 2022</b> Facilitate student groups and provide resources relevant to housing, IT systems, health care, and social support groups
	<i>Stanford Biosciences Student Association Mentorship</i> <b>2018 – 2020</b> Mentor first-year Ph.D. students on technical topics and broader professional growth
	<i>University of Washington “Code Review After Dark” Leader</i> <b>2014 – 2016</b> Established and ran a space for gender-marginalized people to get coding help
CONTRACTS AND GRANTS	<b>T32 Postdoctoral Training in the Demography and Economics of Aging</b> Role: Postdoctoral Fellow (2022 - 2023) Principal Investigator: Joshua R. Goldstein National Institute on Aging/National Institutes of Health (5T32AG000246-23)
	<b>Stanford Data Science Fellowship</b> Award for Ph.D. students working on the frontier of data science (Eleven awarded out of 151) Role: Graduate Student Fellow (2020 - 2022) Stanford Data Science/National Science Foundation
	<b>Shultz Graduate Student Research Funding</b> Competitive research support for Ph.D. students Role: Graduate Student Fellow (2020) Stanford Institute for Economic Policy Research
	<b>Stanford Graduate Fellowship, Gerhard Casper Fellow</b> Award for most outstanding Stanford Ph.D. students in science and engineering Role: Graduate Student Fellow (2018 – 2020) Stanford University Vice Provost for Graduate Education
	<b>Big Data Analysis of HIV Risk and Epidemiology in Sub-Saharan Africa</b> Role: Graduate Student Researcher (2017 - 2018)

Principal Investigator: Eran Bendavid  
National Institute of Allergy and Infectious Diseases/National Institutes of Health (R01AI127250)

**Institute for Health Metrics and Evaluation Post-Bachelor Fellowship**

Role: Pre-doctoral trainee (2013 - 2015)  
Principal Investigator: Emmanuela Gakidou  
Gates Foundation

DEPARTMENT,  
SCHOOL,  
UNIVERSITY  
SERVICE

*University of California, Berkeley Demography Computation Director Search Committee* **2023**  
Interview candidates and assess technical skills for the Computation Director role

*Stanford Data Science Coding Practices Task Force* **2020 – 2022**  
Assess knowledge of different coding practices across Stanford Data Science, produce guidelines on coding practices for academics

*Stanford Data Science Knowledge Map Task Force* **2020 – 2022**  
Assess knowledge of different domains of data science across Stanford Data Science, create a knowledge map, facilitate requests for data science expertise

*Stanford Diversity and Access Office Steering Committee* **2018 – 2022**  
Assess and implement policies for LGBTQ+ and gender equity at Stanford

*Stanford Health Policy PhD Orientation Committee* **2018 – 2022**  
Advising materials and orientation activities for incoming Ph.D. students

*Stanford School of Medicine Health Policy graduate representative* **2018 – 2020**  
Elected by the Department of Health Policy to represent graduate students in School of Medicine policy discussions

*Stanford Medicine LGBTQ+ Forum Leadership Committee* **2019**  
Organized 300-person event to discuss access to care barriers that LGBTQ+ people face in healthcare
